Schoolfield,1984-01-24 **We Women** Edith Södergran,2015 Poetry Translated from the Swedish and the German by Samuel Charters Edith S dergran is a wonder and WE WOMEN brings together poetry that spans her lifetime a lifetime of sickness and solitude where she sang and communed with nature Containing juvenilia as well as aphorisms written late in her short life this collection reveals S dergran s many influences French Symbolism German Expressionism and Russian Futurism distilled into a personal lyricism all her own and brought into focus by Samuel Charters sensitive acutely aware translations [The Facts on File Companion to World Poetry](#) R. Victoria Arana,2008 *The Facts On File Companion to World Poetry 1900 to the Present* is a comprehensive introduction to 20th and 21st century world poets and

their most famous most distinctive and most influential poems *Complete Poems* Karin Boye, 1994 Karin Boye is Sweden's greatest woman poet Born in 1900 she was a poet of ideas and wrote a powerful prophetic novel *Kallockain* Her involvement in the radical literary and artistic movement *Clart* during the 1920s led to her interest in psychoanalysis which influenced her literary work as well as her personal development during the latter years of her life Intellectually and emotionally she was far ahead of her time and her controversial writings included the novel *Crisis* in which she depicted the religious turmoil of her adolescence and her discovery of her own bisexuality David McDuff's edition shows Karin Boye moving from youthful idealism to a desperate quest In the early poems she is a tense modern spirit aroused to strenuous affirmations of absolute ethical loyalties but prone also to drift passively back into regions of the subconscious and the unconscious where mysterious natural forces take possession of the human spirit Her identification with nature's dark but knowing and fertile instincts becomes more complete in her later work in which serene nature symbolism is mixed with ominously strained elements Margaret Abenius's biography of Karin Boye is called *Afflicted by Purity* a line from one of her poems Her title captures the inner conflict at the heart of Karin Boye's poetry and the way she rose above shattering personal defeats to write with honesty clarity of vision and nobility of utterance Her poetry has a strenuously angular quality which reflects with naked candour the harsh realities of her tragic inner struggle which was eventually to lead to her suicide in 1941 Karin Boye is one of the trio of great Scandinavian women poets along with Edith Södergran and Mirjam Tuominen all three published in English by Bloodaxe Books

Norwegian Women's Writing 1850-1990 Janet Garton, 2000-12-01 Volume One in a new series this book covers Norwegian women's writing over the last 150 years setting literary developments against the background of the emergence and growth of the women's movement in Norway The work is divided chronologically into three sections the period up to 1913 when the universal suffrage was granted the period from 1913 to 1960 a time of stagnation in the women's movement with little involvement in contemporary political social and economic debates and the period from 1960 to the present day which has seen an increasing participation of women in public life Chapters on individual authors concentrate on the images of the women portrayed and investigate the conflicts behind the text the tensions between the authors and their work and the ambivalent feelings of women authors towards the act of writing The book should be of interest to all those concerned with women's writing and with Scandinavian literature and culture The series provides a survey country by country of women's writing from the beginnings of the major struggle for emancipation up to the present day While the main emphasis is on literature the social political and cultural development of each country provides a context for understanding the position and preoccupations of women writers Modern critical currents are also taken into account in relating feminist criticism to recent critical theory Forthcoming volumes in this series include *Women's Writing in Italy 1870-1990* and *Swedish Women's Writing 1850-1990*
