## **The Eagles Gift:**

**Eagle's Gift** Carlos Castaneda, 2013-05-28 Carlos Castaneda takes us back into the heart of don Juan's mystical world of sensation and perception revealing the ancient secrets of sorcerer's knowledge deep within the deserts and mountains. The sixth book in the acclaimed series explores the mysterious force known as the Eagle, a cosmic entity that bestows and reclaims consciousness. At birth, don Juan says a universal force gives each of us a spark of awareness which through careful discipline we must fight to retain beyond the end of our lives. Through Castaneda's vivid storytelling and philosophical depth, readers are offered a transformative perspective on reality and self-awareness. This thought-provoking book is essential for anyone yearning to unlock the mysteries of the universe and enrich their understanding of consciousness. **The Eagle's**

**Gift** Carlos Castaneda, 1981 Carlos Castaneda takes the reader into the very heart of sorcery, challenging both imagination and reason, shaking the very foundations of our belief in what is natural and logical. His landscape is full of terrors and mysterious forces as sharply etched as a flash of lightning on the deserts and mountains where don Juan takes him to pursue the sorcerer's knowledge, the knowledge that it is the Eagle that gives us at our births a spark of awareness that it expects to reclaim at the end of our lives and which the sorcerer through his discipline fights to retain. Castaneda describes how don Juan and his party left this world; the warriors of don Juan's party had caught me for an eternal instant before they vanished into the total light before the Eagle let them go through and how he himself upon witnessing such a sight jumped into the abyss.

**Eagle** Janine Rogers, 2014-10-15 A symbol of power, divinity, war, and justice, the eagle has been one of the most dominant birds in the human imagination for millennia. Exploring the rich history of this bird and its portrayal in art, film, literature, and poetry, this book examines how eagles became an emblematic creature that also embodies the paradoxes of our existence. Janine Rogers reveals that while humans associate eagles with light and learning, they also connect the birds to death and corruption. Eagles adorn flags, crests, and other emblems, but as she shows, they have also been relentlessly persecuted and perceived as predatory threats to livestock. While considering these contradictions, Rogers argues that eagles have suffered from the effects of human activities for years, from pesticide use to habitat destruction and global warming. She demonstrates the dangers of not saving eagles from destruction as they are key to controlling pest populations and clearing carcasses. Featuring many illustrations of eagles in the wild, art, and popular culture, *Eagle* shines new light on our complex relationship with these birds, their international significance, and the dire implications of losing them to contemporary ecological threats. **The Eagle Magazine**, 1919 *The Eagle Court of Honor Book* Mark A.
