The Hunt Within James B. Hall, 1973-01-01 **Poetry and Politics in the Cockney School** Jeffrey N. Cox, 2004-05-20
Jeffrey N Cox refines our conception of second generation Romanticism by placing it within the circle of writers around Leigh Hunt that came to be known as the Cockney School Offering a theory of the group as a key site for cultural production Cox challenges the traditional image of the Romantic poet as an isolated figure by recreating the social nature of the work of Shelley Keats Hunt Hazlitt Byron and others as they engaged in literary contests wrote poems celebrating one another and worked collaboratively on journals and other projects Cox also recovers the work of neglected writers such as John Hamilton Reynolds Horace Smith and Cornelius Webb as part of the rich social and cultural context of Hunt s circle This 1999 book not only demonstrates convincingly that a Cockney School existed but shows that it was committed to putting literature in the service of social cultural and political reform **Remembering Keats - Essays & Poetry in Dedication to the Romantic Poet** Various, 2020-12-21 Remembering Keats is a brand new collection of poetry and essays by various authors dedicated to English Romantic poet John Keats 1795 1821 Together with Lord Byron and Percy Bysshe Shelley he was a key figure during the second generation of Romantic poets most famous for such poems as Sleep and Poetry Ode to a Nightingale and On First Looking into Chapman s Homer Keats died at the age of 25 from tuberculosis only four years after the first publication of his works Despite not being praised by critics during his short life Keats has since become one of the most celebrated English poets to have ever lived Contents include Keats by James Russell Lowell On the Promise of Keats by George Edward Woodberry A Reading in the Letters of John Keats by Leon H Nincent Keats by Barnette Miller Keats by Edmund Clarence Stedman Adonais by Percy Bysshe Shelley Keats by Frances A Fuller The Poet Keats Keats by Richard Watson Gilder For the Anniversary of John Keats s Death by Sara Teasdale and Keats A Sonnet by Florence Earle Coates A fantastic collection of assorted writings that will appeal to poetry lovers and those with a particular interest in the life and work of this incredible literary figure Ragged Hand is publishing this brand new collection of classic writings now complete with a specially commissioned new biography of the author Hunting Poems George John Whyte-Melville, 2023-07-18 Hunting Poems is a delightful collection of verse that celebrates the joys and challenges of the hunt The author s love of the sport shines through in every line and his skill as a poet makes for a truly enjoyable reading experience Whether you re a seasoned hunter or simply an admirer of fine poetry this book is not to be missed This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The**

Lightning-scene in Ancient Arabic Poetry Ali Ahmad Hussein, 2009 In Old Arabic poetry from the pre Islamic and early Islamic periods to the end of the orthodox Caliphate one theme is the lightning scene In this the protagonist asserts that he could not sleep because he saw lightning flashing far away in the sky The book explores the various functions of this scene and its relationship with other parts of the poem This study achieves two main goals The first sheds light on two important terms connected with Old Arabic poetry the function and the narration We see how a certain element can function differently from text to text and how these different functions influence the narration of a poem and consequently make it to some degree idiosyncratic i e a text that differs from other poems that include the same element The second purpose is to make a comprehensive study of the components namely the motifs included in the lightning scenes Here the author reaches conclusions regarding whether these components differ significantly from text to text or whether they are merely repetitions In other words this study examines whether the lightning scenes in themselves are idiosyncratic or on the contrary are fossilized and conventional follow long established poetic traditions
