Matilal, Jaysankar Lal Shaw, 2012-12-06 We are grateful to the authors who wrote papers specially for this volume and kindly gave their permission for printing them together None of these papers appeared anywhere before Our special thanks are due to the first six authors who kindly responded to our request and agreed to join this new venture which we are calling comparative perspective in analytical philosophy In the introductory essay certain salient points from each paper have been noted only to show how comparative perspective may add to and be integrated with modern philosophical discussion in the analytic tradition Need less to say any mistake possible misattribution or misrepresentation of the views of the original authors of the papers appearing in the said introductory essay is entirely the responsibility of the author of that essay The author apologizes if there has been such unintentional misrepresentation and insists that the readers should depend upon the original papers themselves for their own understanding For typographical problems it has not always been possible to use the symbols originally used by the authors but care has been taken to use the proper substitute for each of them Bimal K Matilal ANALYTICAL PHILOSOPHY IN COMPARATIVE PERSPECTIVE AN INTRODUCTION 1 The aim of this volume is to extend the horizon of philosophical analysis as it is practiced today      Fundamental Ethics William Poland, 1921
