

The Imperial Personality

Matthew Bennett

The Imperial Personality:

United Empire, 1911 *Creating the Arabian Gulf* Paul J. Rich, 2009-08-16 Even whether to call the Gulf Arabian or Persian is an unending argument Regardless of its name the Gulf is one of the most politically important regions of the world Despite its constant presence in the headlines the fact that it was part of the British Indian empire for many years has gone unappreciated The long period of British control and the connections with India are in fact necessary in understanding the contemporary Middle East With more than ten years of experience as a government advisor in Saudi Arabia and Qatar Paul Rich draws on previously closed archives to document the actual heritage of the area and dispel the myths Rich shows that the influences of Britain and India are far deeper than commonly acknowledged and that the sheikhs are actually the creation of the British Raj He explains that they owe their thrones to a small group of British political agents the Heaven Born who created the satraps and then proceeded to rule from behind the scenes by a clever use of stagecraft and ritual that was heavily flavored by their experiences at English public schools and in Masonic lodges In its attempt to make sense of the complexity of Arab sheikhdoms in the Gulf *Creating the Arabian Gulf* is an ideal book for students and scholars interested in Middle East studies and international relations *Towards an Integrated Analytical Psychology* Matthew Bennett, 2024-09-17 *Towards an Integrated Analytical Psychology* presents a comprehensive review of some of the salient philosophical cultural social and clinical ingredients that have gone into contemporary visions of human personality development and psychotherapy and proposes a unified field theory of mental representation which puts psychoanalytic analytic and cognitive behavioral perspectives in a mutually integrative framework The model proposed by Matthew Bennett called Integrative Analytical Psychology presents two major dimensions of personality development and is integrative of Jungian and psychoanalytic perspectives but places the Jungian concept of archetype as its core organizing principle The six mental representations included within this model are Archetype Symbol Object Complex Schema and Self This book strongly accents clinical application and more broadly considers the applied clinical implications of these mental representations to psychotherapy and clinical practice *Towards an Integrated Analytical Psychology* offers a novel model of understanding personality and will be of direct and immediate use for psychotherapists and students of psychotherapy especially those from the psychoanalytic and analytic Jungian tradition It would also be of interest to social workers marriage and family therapists and psychiatrists *The Far Eastern Review, Engineering, Finance, Commerce*, 1915 **Journal of the American Asiatic Association**, 1916 *The Productive Beliefs* Lynn Harold Hough, 1919 *The Far Eastern Review*, 1916 *Personalities* George Washburn Smalley, 1890 **Dissolution of Character in Late Romanticism, 1820 - 1839** Jonas Cope, 2018-03-14 *The Dissolution of Character in Late Romanticism* studies texts written by contemporary poets novelists essayists journalists philosophers phrenologists sociologists gossip mongers and anonymous correspondents *The American Mercantile Marine Academy of Political Science (U.S.)*, 1915 *Constitutional Imperialism in Japan* Ernest Wilson Clement, 1916
