The New Savages:

Love, Sex, and Desire in Modern Egypt L. L. Wynn, 2018-11-23 Cairo is a city obsessed with honor and respectability and love affairs Sara a working class woman has an affair with a married man and becomes pregnant only to be abandoned by him Ayah and Zeid a respectably engaged couple argue over whether Ayah's friend is a prostitute or a virgin Malak a European belly dancer who sometimes gets paid for sex wants to be loved by a man who won't treat her like a whore just because she's a dancer and Alia a Christian banker who left her abusive husband is the mistress of a wealthy Muslim man Haroun who encourages business by hosting risqu parties for other men and their mistresses Set in transnational Cairo over two decades *Love Sex and Desire in Modern Egypt* is an ethnography that explores female respectability male honor and Western theories and fantasies about Arab society L L Wynn uses stories of love affairs to interrogate three areas of classic anthropological theory mimesis kinship and gift She develops a broad picture of how individuals love and desire within a cultural and political system that structures the possibilities of and penalties for going against sexual and gender norms Wynn demonstrates that love is at once a moral horizon an attribute that naturally inheres in particular social relations a social phenomenon strengthened through cultural concepts of gift and kinship and an emotion deeply felt and desired by individuals

The Fifth Horseman G. Wells Taylor, PANDORA CITY sits on the cattle trail north to Babylon One day a wounded rider arrives with death stalking hard on his heels The legends say that four horsemen will come to burn the earth and one will come to save it So who is this rider Over two centuries have passed since events chronicled in *The Forsaken Survivors* have climbed out of the ruins and struggle to build a new life on the frontier of a dying world The Apocalypse Trilogy gallops to its horrifying conclusion in *The Fifth Horseman* This explosive mix of classic western storytelling and Gothic horror delivers a terrifying and bloodstained final act to G Wells Taylor's doomsday epic

Women Writing Race, Nation, and History Sonita Sarker, 2022-04-07 This book presents how Nation and Narrative are bound together through the figure of the N native as it appears in the non-fictional writings of Cornelia Sorabji Grazia Deledda Zitk la %S Virginia Woolf Victoria Ocampo and Gwendolyn Bennett It addresses two questions How did women writers in the early twentieth century tackle the entangled roots of political and cultural citizenship from which crises of belonging arise How do their narrative negotiations of those crises inform modernist practice and modernity then and now The N native moves between born in and first in in the context of the modern nation state In the dominant discourses of post imperial as well as de colonizing nations Native is relegated to Time static or fetishized through nostalgia and romance History is envisioned as active and contoured associated with motion and progress which the native inhabits and for whom citizenship is a political as well as a temporal attribute The six authors identities as Native settler indigenous immigrant or native citizen are formed from their gendered racialized and classed locations in their respective nations Each author negotiates the intertwined strands of Time and History by mobilizing the N native to reclaim citizenship cultural political belonging This study reveals how their lineage

connections to land experiences in learning education and their labor generate their narratives The juxtaposition of the six writers keeps in focus the asymmetries in their responses to their times and illustrates how relevant women s feminist production were and are in today s versions of the same urgent debates about heightened nativisms and nationalisms

Before the Windrush John Belchem,2014 A fascinating study that examines Liverpool s mixed population and its approach to race relations in order to provide historical context and perspective to debates about Britain s experience of empire in the twentieth century

Race in North America Audrey Smedley,2018-04-20 This sweeping work traces the idea of race for more than three centuries to show that race is not a product of science but a cultural invention that has been used variously and opportunistically since the eighteenth century Updated throughout the fourth edition of this renowned text includes a compelling new chapter on the health impacts of the racial worldview as well as a thoroughly rewritten chapter that explores the election of Barack Obama and its implications for the meaning of race in America and the future of our racial ideology

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers.
