**A Gutmann**

## **The Nixon Project:**

**The Promised Land** Nicholas Lemann, 2011-08-24 A New York Times bestseller the groundbreaking authoritative history of the migration of African Americans from the rural South to the urban North A definitive book on American history The Promised Land is also essential reading for educators and policymakers at both national and local levels **The Record** United States. National Archives and Records Administration, 1994 **American Builder**, 1930 **Nixon's Economy** Allen J. Matusow, 1998 Historian Allen J Matusow now presents the first comprehensive history of Nixon's political economy He depicts a president who disliked the subject but was forced to pay attention or lose his dream of effecting a historic realignment of the political parties in America The study derives its authority from extensive archival research in Nixon's presidential papers including notes by Haldeman and Ehrlichman of crucial conversations in the Oval Office Matusow shows the poverty of contemporary economic theory Nixon's willingness to sacrifice the world economy for his domestic political purposes and his desperate attempts to find something anything that might work Lurching from one set of policies to another Matusow argues Nixon achieved only illusory successes that ultimately brought on a decade of economic disaster *The Nixon Project* John Reid, 2001-07-01 [From Opportunity to Entitlement](#) Gareth Davies, 1996 That shift Davies argues was part of a broader transformation in political values that had devastating consequences for the Democratic Party in particular and for the cause of liberalism generally **See Government Grow** Gareth Davies, 2007 When Congress endorsed substantial aid to schools in 1965 the idea that the federal government had any responsibility for public education was controversial Twenty years later not only had that controversy dissipated Washington's role in education had dramatically expanded Gareth Davies explores how both conservatives and liberals came to embrace the once daring idea of an active federal role in elementary and secondary education and uses that case to probe the persistence and growth of big government during a supposedly antigovernment era By focusing on institutional changes in government that accompanied the civil rights revolution Davies shows how initially fragile programs put down roots built a constituency and became entrenched He explains why the federal role in schools continued to expand in the post LBJ years as the reform impulse became increasingly detached from electoral politics centering instead on the courts and the federal bureaucracy Meanwhile southern resistance to school desegregation had discredited the states rights argument making it easier for conservatives as well as liberals to seek federal solutions to social problems Although LBJ's landmark Elementary and Secondary Education Act deferred to local control the legislation of the Nixon Ford years issued directives that posed greater challenges to traditional federalism than Johnson's grand ideals As Davies shows the new political climate saw the achievement of such breakthroughs as mandated bilingual education school finance reform and the Education for All Handicapped Children Act measures that before the seventies would have been considered unthinkable by liberals as well as conservatives And when Ronald Reagan promised to abolish the Department of Education conservatives worked with liberals to derail his

agenda Davies surprising study shows that the distancing of American conservatism from its anti statist traditions helped pave the way for today s big government conservatism which enabled a Republican dominated Congress to pass No Child Left Behind By revealing the endurance of Great Society values during a period of Republican ascendance his book opens a window on our political process and offers new insight into what really makes government grow **The Vietnam War Files** Jeffrey P. Kimball,2004 The new evidence uncovers a number of behind the scenes plays such as Nixon s secret nuclear alert of October 1969 and sheds more light on Nixon s goals in Vietnam and his and Kissinger s strategies of Vietnamization the China card and triangular diplomacy The excerpted documents also reveal significant new information about the purposes of the linebacker bombings Nixon s manipulation of the POW issue and the conduct of the secret negotiations in Paris as well as other key topics events and issues All of these are effectively framed by Kimball whose introductions to each document provide historical context *Nixon's Vietnam War* Jeffrey P. Kimball,1998 The signing of the Paris Agreement in 1973 ended not only America s Vietnam War but also Richard Nixon s best laid plans After years of secret negotiations threats of massive bombing and secret diplomacy designed to shatter strained Communist alliances the president had to settle for a peace that fell far short of his original aims Reinventing Richard Nixon Daniel E. Frick,2008 Examining Nixon s autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon s version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon s state funeral at which Bob Dole s eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements **BOOK JACKET** The American Archivist ,1970 Includes sections Reviews of books and Abstracts of archive publications Western and Eastern Europe *The Presidency of Richard Nixon* Melvin Small,1999 A lively anecdotal account features every facet of Nixon s controversial administration just in time for the 25th anniversary of his history making resignation from the presidency 23 photos *Business Week* ,1970

**Profiles of an Era, the Nixon/Ford Years** Eleanora W. Schoenebaum,1979 **Mr. and Mrs. President** Gil Troy,2000 With a new chapter devoted to Hillary and Bill Clinton s tainted partnership in office and to the present First Lady s senatorial ambitions this second edition offers fresh insights into America s paradoxical expectations for its presidential wives and husband Deeply engrossing Publishers Weekly 33 photos *Watergate* Keith W. Olson,2003 A concise and readable guide to America s biggest political scandal ever that highlights in a single volume the people actions intrigue and

implications as the drama first came to light and then fully unfolded in hearings media coverage and throughout the nation  
Publication coincides with the 30th anniversary of the televised hearings     **Normal Instructor** ,1929     **The Fate of  
Cities** Roger Biles,2011 The first major comprehensive treatment of urban revitalization in 35 years Examines the federal  
government's relationship with urban America from the Truman through the Clinton administrations Provides a telling  
critique of how in the long run government turned a blind eye to the fate of cities     National 4-H Club News ,1936  
   **United States Investor** ,1919

## Unveiling the Power of Verbal Art: An Psychological Sojourn through **The Nixon Project**

In a world inundated with monitors and the cacophony of immediate transmission, the profound energy and psychological resonance of verbal beauty frequently diminish into obscurity, eclipsed by the constant assault of noise and distractions. Yet, set within the lyrical pages of **The Nixon Project**, a captivating perform of literary elegance that impulses with organic thoughts, lies an remarkable journey waiting to be embarked upon. Composed with a virtuoso wordsmith, this mesmerizing opus manuals viewers on an emotional odyssey, gently revealing the latent possible and profound impact embedded within the delicate web of language. Within the heart-wrenching expanse of this evocative analysis, we will embark upon an introspective exploration of the book is main subjects, dissect their interesting publishing type, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
