## **The Of Dallas:**

Dallas Patricia Evridge Hill, 1996 From the ruthless deals of the Ewing clan on TV's Dallas to the impeccable customer service of Neiman Marcus doing business has long been the hallmark of Dallas Beginning in the 1920s and 1930s Dallas business leaders amassed unprecedented political power and civic influence which remained largely unchallenged until the 1970s In this innovative history Patricia Evridge Hill explores the building of Dallas in the years before business interests rose to such prominence 1880 to 1940 and discovers that many groups contributed to the development of the modern city In particular she looks at the activities of organized labor women's groups racial minorities Populist and socialist radicals and progressive reformers all of whom competed and compromised with local business leaders in the decades before the Great Depression This research challenges the popular view that business interests have always run Dallas and offers a historically accurate picture of the city's development The legacy of pluralism that Hill uncovers shows that Dallas can accommodate dissent and conflict as it moves toward a more inclusive public life Dallas will be fascinating and important reading for all Texans as well as for all students of urban development

Dearborn,1918 Charter of the City of Dallas, 1907 (including Amendments of 1909) Dallas (Tex.),1909 **For the City as a Whole** Robert Bruce Fairbanks,1998 For the City as a Whole is an attempt to link the actions and public statements of civic leaders to their perceptions of the city and what it might become Robert B Fairbanks argues that for much of the first half of the century civic leaders and government officials thought of Dallas as a unit something greater than the sum of its parts Therefore they consistently employed strategies that emphasized the needs of the city as a whole over the wishes of particular groups or neighborhoods Fairbanks is interested in looking again at an era when public discourse emphasized the
