

The background of the slide features a dramatic sunset or sunrise over a body of water. The sky is a mix of orange, red, and purple, with the sun low on the horizon. The water is dark blue and green, with ripples and a large whale breaching in the foreground, its dark, curved back visible. The overall mood is serene yet powerful.

Studies in the Acts of the Apostles Rick Strelan,2020-03-12 This collection of essays is indicative of the years of research that the author has devoted to the Acts of the Apostles In a very easy style some of the intriguing episodes in Acts are understood through the lens of ancient literature and the worldview that is reflected in it The intention is to try and read them as an early Christian might have heard them even if from a modern perspective that reading appears quite strange It is hoped that the modern reader might be intrigued and even inspired to read Acts again and so to explore its strange events and people even more deeply More broadly such an exploration might lead to an appreciation that all writings that many Christians now hold as inspired and authoritative are deeply embedded in an ancient cultural context
