The Russian Mind:

The Russian Mind Ronald Hingley, 1977 An extensive anecdotal exploration of the Russian mind and character portrays salient behavior traits and attitudes and examines characteristic social and cultural phenomena *The Closing of the Russian Mind* Andrei Kolesnikov, 2026-02-04 Not so long ago Russia under Putin appeared to be a corrupt state run by an elite mainly interested in their own privileges and wealth authoritarian but not fundamentally expansionist The 2022 invasion of Ukraine made it clear that Putin is driven by far more than simply greed Putin's Russia is Andrei Kolesnikov argues in the grip of intense ideological radicalization seeking to mobilize its population in support of a form of chauvinistic neo imperialism using increasingly totalitarian methods This march towards hybrid totalitarianism is driven by a messianic view of Russia as a superior spiritual form of state civilization underpinned by its Orthodox faith and hatred of Western decadence Based upon a falsified version of history and a profound hostility to modernization this ideology is making Russia an international pariah and condemning its citizens to endless war and economic stagnation The only hope for redemption is a profound moral regeneration which redefines the nation's place in the world and embraces the spirit of democracy This incisive analysis of the ideological dynamics of late Putinism written by a leading Russian scholar and journalist is an indispensable guide to understanding the country's recent descent into war mongering barbarism **The Russian Mind Since Stalin's Death** Yuri Glazov, 2012-12-06 I have been working on this book since leaving Russia in April of 1972 It was my wish to write this book in English and there were what seemed to me to be serious reasons for doing so In recent years there has appeared a wealth of literature in Russian about Russia As a rule this literature has been published outside the USSR by authors who still live in the Soviet Union or who have only recently left it A fair amount of important literature is being translated into English but I believe it will be read mainly by specialists in Russian studies or by those who have a great interest in the subject already The majority of Russian authors write of course for the Russian reader or for an imagined Western public It is my feeling that Russian authors have serious difficulties in understanding the mentality of Westerners and that there still exists a gap between the visions of Russians and non Russians I have made my humble attempt to bridge this gap and I will be happy if I am even partly successful The Russian world is indeed fascinating Many people who visit Russia for a few days or weeks find it a country full of historical charm fantastic architecture and infinite mystery For many inside the country especially for those in conflict with the Soviet authorities *What's going on in the Russian mind?* Marina Antoni, Ekaterina Kruglikova, 2020 **Biblical Interpretation in the Russian Orthodox Church** Alexander I. Negrov, 2008 Alexander Negrov surveys the history of biblical interpretation within the history of the Russian Orthodox church from the Kiev period tenth to thirteenth centuries until the Synodal period 1721 1917 He presents a coherent analysis of the essential elements of Orthodox biblical hermeneutics as it developed over a period of several centuries critical to the defining of the Orthodox church **BOOK JACKET** [The Russian Religious Mind](#) Georgii Petrovich
