The San Patricios:

The San Patricio Soldiers Dennis J. Wynn, 1984 **HNAI Heritage Auctions US Coin Auction Catalog #1128, Pre-ANA, Los Angeles, CA** Mark Van Winkle, 2009-07 **Ireland and the Americas** Philip Coleman, James Byrne, Jason King, 2008-02-01 This work is a distinctive multidisciplinary encyclopedia covering the cultural political economic musical and literary impact that Ireland and the nations of the Americas have had on one another since the time of Brendan the Navigator Ireland and the Americas Culture Politics and History aims to broaden the traditional notion of Irish American beyond Boston New York and Chicago In addition to full coverage of Irish culture in those settings it reveals the pervasive Irish influence in everything from the settling of the American West to the spread of Christianity throughout the hemisphere to Irish involvement in revolutionary movements from the American colonies to Mexico to South America In addition the encyclopedia shows the profound impact of Irish Americans on their homeland in everything from art and literature informed by the emigrant experience to efforts by Irish Americans to influence Irish politics Ranging from colonial times to the present and informed by the surge of academic interest in the past 30 years Ireland and the Americas is the definitive resource on the profound ties that bind the cultures of Ireland the United States Canada and Latin America *Ethnic and Racial Minorities in the U.S. Military* Alexander M. Bielakowski, 2013-01-11 This encyclopedia details the participation of individual ethnic and racial minority groups throughout U S military history Ethnic and Racial Minorities in the U S Military An Encyclopedia is unique in its coverage of nearly all major ethnic and racial minority groups as opposed to reference works that have focused only on individual ethnic or racial minority groups It acknowledges the military contributions of African Americans Asian Americans French Americans German Americans Hispanic Americans Irish Americans Jewish Americans and Native Americans This timely work highlights the individuals and events that have shaped the experience of minorities in U S conflicts The work provides a comprehensive encyclopedia covering the role of all major ethnic and racial minorities in the United States during wartime Additionally it considers how the integration of servicemen in the U S military set the precedent for the eventual desegregation of America s civilian population *The Dead March* Peter Guardino, 2017-08-28 Focusing on ordinary Mexicans and Americans Peter Guardino offers a clearer picture than we have ever had of the brief bloody war that redrew the map of North America He shows how dramatically U S forces underestimated Mexicans patriotism fierce resistance and bitter resentment of American claims to national and racial superiority The Encyclopedia of the Mexican-American War Spencer C. Tucker, 2012-10-09 This user friendly encyclopedia comprises a wide array of accessible yet detailed entries that address the military social political cultural and economic aspects of the Mexican American War The Encyclopedia of the Mexican American War A Political Social and Military History provides an in depth examination of not only the military conflict itself but also the impact of the war on both nations and how this conflict was the first waged by Americans on foreign soil and served to establish critical U S military political and foreign policy precedents

The entries analyze the Mexican American War from both the American and Mexican perspectives in equal measure. In addition to discussing the various campaigns, battles, weapons, systems, and other aspects of military history, the three-volume work also contextualizes the conflict within its social, cultural, political, and economic milieu and places the Mexican American War into its proper historical and historiographical contexts by covering the eras both before and after the war. This information is particularly critical for students of American history because the conflict fomented sectional conflict in the United States which resulted in the U.S. Civil War.

Américas, 1996 **Ireland and the Americas** James Patrick Byrne, Philip Coleman, Jason Francis King, 2008. This work is a unique multidisciplinary encyclopedia covering the cultural, political, economic, musical, and literary impact that Ireland and the nations of the Americas have had on one another since the time of Brendan the Navigator. Nearly 200,000 Irish immigrants and Irish Americans fought in the American Civil War. Today the American Ireland Fund, a nonpolitical and nonsectarian fund, has raised more than 200 million dollars for over 1,000 projects in Ireland. On a proportional basis, no other ethnic group has proven more inclined to emigrate or appears more widely scattered across the American continents than the Irish. *Ireland and the Americas: Culture, Politics, and History* aims to broaden the traditional notion of Irish America beyond Boston, New York, and Chicago. In addition to full coverage of Irish culture in those settings, it reveals the pervasive Irish influence in everything from the settling of the American West to the spread of Christianity throughout the hemisphere, to Irish involvement in revolutionary movements from the American colonies to Mexico to South America. In addition, the encyclopedia shows the profound impact of Irish Americans on their homeland in everything from art and literature, informed by the emigrant experience, to efforts by Irish Americans to influence Irish politics. Ranging from colonial times to the present and informed by the surge of academic interest in the past 30 years, *Ireland and the Americas* is the definitive resource on the profound ties that bind the cultures of Ireland, the United States, Canada, and Latin America.

The Irish Soldiers of Mexico Michael Hogan, 1998 Winfield Scott Timothy D. Johnson, 1998. More than a military history, this book explains how Scott's aristocratic pretensions were out of place with emerging notions of equality in Jacksonian America and made him an unappealing political candidate in his bid for the presidency. Johnson recounts the details of Scott's personality that alienated nearly everyone who knew him, as well as the unsavory methods Scott used to promote his career and the scandalous ways he attempted to alleviate his lifelong financial troubles.

Low Rider, 2000 **The Philadelphia Lawyer**, 1998 Southwestern Studies, 1984 **The Americas**, 1952. A quarterly review of inter-American cultural history.

A Gallant Little Army Timothy D. Johnson, 2007. The first book-length study of one of America's greatest military campaigns and triumphs led by Winfield Scott, one of America's greatest generals. Shines a spotlight on the campaign that became a significant proving ground for West Point-educated officers and a formative combat school for many of the Civil War's most prominent generals.

The Legacy of the Mexican and Spanish-American Wars Gary D. Keller, Cordelia Candelaria, 2000. Contains eight papers from a December 1998 conference.
