Unadjusted Man A New Hero For Americans:

Unadjusted man: a new hero for Americans Peter Viereck,1957 The Unadjusted Man Peter Robert Edwin Viereck,1962 **The Unadjusted Man** Peter Viereck,1956 **Manhood and American Political Culture in the Cold War** K.A. Cuordileone,2012-11-12 Manhood and American Political Culture in the Cold War explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior The Tolerant Populists Walter Nugent,2024-05-31 A political movement rallies against underregulated banks widening gaps in wealth and gridlocked governments Sound familiar More than a century before Occupy Wall Street the People s Party of the 1890s was organizing for change They were the original source of the term populism and a catalyst for the later Progressive Era and New Deal Historians wrote approvingly of the Populists up into the 1950s But with time and new voices led by historian Richard Hofstadter the Populists were denigrated depicted as demagogic conspiratorial and even anti Semitic In a landmark study Walter Nugent set out to uncover the truth of populism focusing on the most prominent Populist state Kansas He focused on primary sources looking at the small towns and farmers that were the foundation of the movement The result *The Tolerant Populists* was the first book length source based analysis of the Populists Nugent s work sparked a movement to undo the historical revisionism and ultimately found itself at the center of a controversy that has been called one of the bloodiest episodes in American historiography This timely re release of *The Tolerant Populists* comes as the term finds new currency and new scorn in modern politics A definitive work on populism it serves as a vivid example of the potential that political movements and popular opinion can have to change history and affect our future *Yesterday* Tobias Becker,2023-12-05 Nostalgia supposedly is the sphere of the sentimentalist But also and most definitely it is a force in the creation of the present and future and thus worth careful thought *Yesterday* argues that nostalgia s critics defend an idea of progress as naive as the longing they denounce while conflating nostalgia itself with historical whitewashing Canadian Intellectuals, the Tory Tradition, and the Challenge of Modernity, 1939-1970 Philip Massolin,2015-05-27 In this well researched book Philip Massolin takes a fascinating look at the forces of modernization that swept through English Canada beginning at the turn of the twentieth century Victorian values agrarian religious and the adherence to a rigid set of philosophical and moral codes were being replaced with those intrinsic to the modern age industrial secular scientific and anti intellectual This work analyses the development of a modern consciousness through the eyes of the most fervent critics of modernity adherents to the moral and value systems associated with Canada s tory tradition The work and thought of social and moral critics Harold Innis Donald Creighton Vincent Massey

Hilda Neatby George P Grant W L Morton Northrop Frye and Marshall McLuhan are considered for their views of modernization and for their strong opinions on the nature and implications of the modern age These scholars shared concerns over the dire effects of modernity and the need to attune Canadians to the realities of the modern age Whereas most Canadians were oblivious to the effects of modernization these critics perceived something ominous far from being a sign of true progress modernization was a blight on cultural development In spite of the efforts of these critics Canada emerged as a fully modern nation by the 1970s Because of the triumph of modernity the toryism that the critics advocated ceased to be a defining feature of the nation s life Modernization in short contributed to the passing of an intellectual tradition centuries in the making and rapidly led to the ideological underpinnings of today s modern Canada **American**

Nietzsche Jennifer Ratner-Rosenthal,2024-05-31 If you were looking for a philosopher likely to appeal to Americans Friedrich Nietzsche would be far from your first choice After all in his blazing career Nietzsche took aim at nearly all the foundations of modern American life Christian morality the Enlightenment faith in reason and the idea of human equality Despite that for more than a century Nietzsche has been a hugely popular and surprisingly influential figure in American thought and culture In *American Nietzsche* Jennifer Ratner-Rosenthal delves deeply into Nietzsche s philosophy and America s reception of it to tell the story of his curious appeal Beginning her account with Ralph Waldo Emerson whom the seventeen year old Nietzsche read fervently she shows how Nietzsche s ideas first burst on American shores at the turn of the twentieth century and how they continued alternately to invigorate and to shock Americans for the century to come She also delineates the broader intellectual and cultural contexts within which a wide array of commentators academic and armchair philosophers theologians and atheists romantic poets and hard nosed empiricists and political ideologues and apostates from the Left and the Right drew insight and inspiration from Nietzsche s claims for the death of God his challenge to universal truth and his insistence on the interpretive nature of all human thought and beliefs At the same time she explores how his image as an iconoclastic immoralist was put to work in American popular culture making Nietzsche an unlikely posthumous celebrity capable of inspiring both teenagers and scholars alike A penetrating examination of a powerful but little explored undercurrent of twentieth century American thought and culture *American Nietzsche* dramatically recasts our understanding of American intellectual life and puts Nietzsche squarely at its heart *Library Journal* Melvil
