make some real money Vetinari isn't talking about wages of course He's referring rather to the Royal Mint of Ankh Morpork a venerable institution that has run for centuries on the hereditary employment of the Men of the Sheds and their loyal outworkers who do make money in their spare time Unfortunately it costs more than a penny to make a penny so the whole process seems somewhat counterintuitive Next door at the Royal Bank the Gloop an analogy machine has scientifically established that one never has quite as much money at the end of the week as one thinks one should and the bank's chairman one elderly Topsy n e Turvy Lavish keeps two loaded crossbows at her desk Oh and the chief clerk is probably a vampire But before Moist has time to fully consider Vetinari's question fate answers it for him Now he's not only making money but enemies too he's got to spring a prisoner from jail break into his own bank vault stop the new manager from licking his face and above all find out where all the gold has gone otherwise his life in banking while very exciting is going to be really really short
