Uncollecting Cheever:

Uncollecting Cheever Anita Miller, 2014-05-01 The story of how little Academy Chicago Publishers co owned by the author and her husband Jordan Miller tried to publish the late John Cheever s uncollected short stories and was blocked from doing so by Cheever s family is now a familiar part of publishing lore and law

Foundational Principles of Contract Law Melvin A. Eisenberg, 2018-09-20 This one volume treatise sets out the principles and rules of contract law placing an emphasis on what the principles and rules of contract law should be based on policy morality and experience This book offers a unique approach to contract law from a critical perspective as an organic dynamic subject

The Impossible Craft Scott Donaldson, 2015-02-23 In The Impossible Craft Scott Donaldson explores the rocky territory of literary biography the most difficult that biographers try to navigate Writers are accustomed to controlling the narrative and notoriously opposed to allowing intruders on their turf They make bonfires of their papers encourage others to destroy correspondence write their own autobiographies and appoint family or friends to protect their reputations as official biographers Thomas Hardy went so far as to compose his own life story to be published after his death while falsely assigning authorship to his widow After a brief background sketch of the history of biography from Greco Roman times to the present Donaldson recounts his experiences in writing biographies of a broad range of twentieth century American writers Ernest Hemingway F Scott Fitzgerald John Cheever Archibald MacLeish Edwin Arlington Robinson Winfield Townley Scott and Charlie Fenton Donaldson provides readers with a highly readable insiders introduction to literary biography He suggests how to conduct interviews and what not to do during the process He offers sound advice about how closely biographers should identify with their subjects He examines the ethical obligations of the biographer who must aim for the truth without unduly or unnecessarily causing discomfort or worse to survivors He shows us why and how misinformation comes into existence and tends to persist over time He describes the mythical ideal biographer an imaginary creature of universal intelligence and myriad talents beyond the reach of any single human being And he suggests how its very impossibility makes the goal of writing a biography that captures the personality of an author a challenge well worth pursuing
