Universal Father:

Universal Father Garry O'Connor, 2013-08-22 The first biography to tell the full and extraordinary story of one of the most influential figures of the twentieth century setting the private individual in the public context A fine enduring biography O Connor s triumph is to make the search for the soul of a papacy an enjoyable edifying and occasionally emotional journey Glasgow Herald Pope John Paul II is now universally considered to have been one of the great leaders of the twentieth century and possibly the most politically influential pope since St Peter His achievements are well documented yet he once said I can only be understood from the inside In this vivid and accessible living portrait O Connor investigates the inner man including Karol Wojtyla s life before he became Pope and his friendships with men and women subtly analysing the Pope s own poems plays and philosophical works for clues as to what made him tick It also dramatically follows his life from his birth in Poland in 1920 through the losses that shaped his childhood the assassination attempt in 1981 and his great public confrontations on the world stage right up until his death in April 2005 *Consider What the Angels Say* George DeVangelos, 2016-08-31 Our world now and throughout history has had conflicting accounts of the nature of God and man s relationship to this cosmic deity These conflicts have wrecked havoc within the societies of humanity to dangerous levels Mankind has relied upon his sacred and canonized scriptures to provide doctrinal absolutes for his religions but these absolutes differ and therefore cannot possibly all be correct at least in specific contexts However there exist a very mysterious book circulating worldwide that does have specific detailed and consistent answers to all of our questions The origin of this book is steeped in mystery and no human author has claimed ownership to its teachings which cover 2097 pages of intensive reading and exhaustive information This book is known as the Urantia Book and has been placed in the public domain The Urantia Book takes us from the conceptual locations within our segregated religious heritage and correctively re calibrates our various belief systems which have been unavoidably limited and distorted by our world views throughout human history After its conceptual enhancements and adjustments the Urantia Book enlarges such informational details into an elevation of more exact universal levels of perception as an advancement of cosmic truth Consider What the Angels Say takes this expansive and intricately complicated book and presents a timesaving presentation of its teachings and gently correlates it with Christian doctrines and other religions as well as human philosophy and knowledge In this book the following questions will be answered What exactly is God and how does this phenomenon relate to infinite reality the time and space cosmos other spiritual beings and our world Exactly what is the Godhead Trinity and why is it a necessary foundation for the existence of universal reality What are angels and spiritual principalities What are their levels and types and how do they interface and interact between supernatural and human situations How does the historical Jesus Christ fit into the spiritual dimensions of reality How is he related to the one eternal God and how is Jesus an integral part of our soul salvation How was man physically created and what accounts for the variances in human biological races and how does this

correlate with the theory of evolution What is the nature of the human soul and how is it translated into the eternal spiritual realities and how does it exist beyond death and what is its destiny How did mankind come to develop and organize his cultures and what part did supernatural spiritual beings play in the formulations of man s religious doctrines Why has there been so much tragedy hardship war disease and social discord throughout our history What is the nature of sin and why does evil even exist Something is not right what went wrong In all of the versions of religious theologies and doctrines worldwide no one book explains the details of these universal mysteries as completely and systematically as the Urantia Book it is truly a gift from the angels Consider What the Angels Say is a concentrated effort forged from the heartfelt love and concern for humanity to introduce this majestic angelic book to all who are able to receive and benefit form its supernatural information

The British Study Edition of the Urantia Papers Book [A4 PDF] , *The Flaming Sword* ,1922 **The Methodist Review** ,1900 *Ante-Nicene Christian Library* Sir James Donaldson,1871 *The Magazine of Poetry and Literary Review* ,1891 *Manford's Magazine* ,1890 **Christian Institutions** Arthur Penrhyn Stanley,1881 **Notes of Catechisings: Chiefly Doctrinal and Moral** ,1884 **Sept suttas pâlis** Paul Grimblot,1876 The sermon Bible [extr. from sermons on the Bible by various authors ,1892 *The Rise of Christianity* Frederick Owen Norton,1924 Jewish Theology Kaufmann Kohler,1918 **Theology of Universalism** Thomas Baldwin Thayer,1891 **Grands Initiés** Edouard Schuré,1909 *Government Or Human Evolution: Individualism and collectivism* Edmond Kelly,1901 **The Evolution of the Soul** Thomson Jay Hudson,1906 The Saturday Review of Politics, Literature, Science and Art ,1909 The Divine Drama Granville Ross Pike,1899
