guidelines to define the order and structure of creation govern every form of life and every action that occurs in the universe The same principles work for all alike No law activates itself it is we who activate a law of the universe through our thoughts and actions individually and collectively As we have been given the freedom of choice we can make right or wrong choices But if we repent there are laws that allow us to correct our mistakes Heaven meets earth in the human who is both physical and divine The human being is the highest manifestation of the cosmos and is co creator pre destined as the builder and collector of all treasures of the universe The power of creativeness responds to the call of the spirit and the human determines his own destination in the cosmos This book is meant as a guideline to inspire you to arouse your curiosity and to prompt your own inner personal dialogue as we witness the cosmic cyclic changes of the universe We have no alternative but to grow in awareness expand our consciousness connect with the Spirit and flow along with these cosmic energies
