Unix Users Manual Master Index 43:

Master Index ,1986 *Indexing* Kurt Ament,2001-06-19 *Indexing A Practical Guide for Technical Writers* is a nuts and bolts guide to indexing It explains in plain language and by example exactly how to index any type of print or online publication quickly easily and effectively The sequential indexing method presented in the book has been battle tested in high pressure publishing organizations in a variety of high tech industries over the space of a decade Because it is based on real world success this indexing method is bulletproof Users of this guide will succeed as an indexer Unlike other books on the subject this book is focused on readers not the subject itself The book speaks directly to highly practical and often anti academic technical writers who demand usability reusability and reliability It is geared to people with Keep It Simple Stupid signs on their cubicle walls Proven end user documentation techniques are employed to present proven indexing methods to readers who themselves develop end user documentation for a living They have zero tolerance for academic white papers on indexing So the book delivers the hard facts **CONVEX Mini Manual** Geoffrey M. Tennille,1993 American Book Publishing Record ,1999 **Writing and Technique** David N. Dobrin,1989 This book examines the ways that writing is taught in this age of technology The book begins with writing about tools technical writing considers writing itself as a tool and concludes with tools that aid writing The aim is to study the interpenetration of writing and technology in order to determine how technology has affected writing The book is allied with a tradition of opposition to technology and to the main thrust of composition research over the last 10 years Writing it is concluded is not reducible to technology because it is an activity rooted in meaning and human relations Chapter topics cover 1 the technology of writing 2 common sense in communications 3 technical writing 4 information transfer 5 objectivity of technical writing 6 audience awareness 7 use and purpose of outlines 8 paragraph structure and 9 computers and the techniques of writing A summary chart of the discussion notes and reference list are appended RS A Guide to Operating Systems Tom Badgett,Michael J.
