Migration on the Ballot? Marc Collinson, 2026-03-06 *Migration on the Ballot* re-examines the 1964 election contest at Smethwick It considers the impact of deindustrialisation urban redevelopment and migration on the town alongside the candidates and parties who stood and how commentators have shaped our understanding of the result The 1964 election was supposed to be a success for Labour Leader Harold Wilson Yet while his party returned to power after thirteen years in opposition the defeat of Shadow Cabinet Minister Patrick Gordon Walker by the Conservative Peter Griffiths at Smethwick overshadowed Labour's victory In a town affected by economic urban and demographic change Griffiths ran a campaign most remembered for its anti-migrant rhetoric A safe Labour seat in the West Midlands not only voted Conservative but also became a metonym for racial politics influencing national debates about migration and impacting the new Labour Government's agenda However despite its

continued notoriety the campaign remains under interrogated with scholarly attention notable either for its obsolescence or brevity This study seeks to understand how far these Conservative appeals actually determined the outcome or whether a more complicated story lies beneath This book will be of interest to scholars students and those interested in modern British political history elections and their outcomes *The Survey*, 1916 **The royal institution: its founder [sir B.
