Unlikely Hero:

An Unlikely Hero M. Estes, 2012-03 The purpose of this story is to create a superhero unlike any seen before This one doesn't wear a cape or a colorful costume or resort to science fiction antics He is only slightly different from the boy you might find next door in that he has a neurological disorder which makes him an unlikely hero This story will give readers a glimpse of what life may be like for a family raising an autistic child in a culture gone bad It is set in an upscale community that has gone overboard chasing unwritten rules of political correctness and social engineering The unlikely hero does some phenomenal things such as wiping out a bunch of gangsters and a common criminal who tries to nab one of his fellow students Traditional thinking people in the community and the vast Internet world think he is a genuine hero This opinion conflicts sharply with the opinion of a big time civil rights lawyer and a cadre of elitists who claim he is a vigilante who should be banished As the tale unwinds many characters add in their own way to solving the mystery of how he does what he does There are hints that the boy's overachieving terrorist fighting uncle Jocko may have brought about a supernatural transformation This is a good and a provocative read with unusual twists Those familiar with autism will nod their heads in agreement as the issue is sensitively touched upon social conservatives will likely be smiling in agreement as hot button issues are pushed and national security advocates will find the terrorist elitist tie interesting It ends in great style I had an urge to applaud Lap Calimi technical writer *Saint Peter and Tom, Or, Two Unlikely Heroes* Belle S. Cragin, 1888 The story of Tom takes place largely in Lansing and Calumet Michigan **Resonance** P.E. Padilla, The master revealed the end in sight Ayim Rasaad is dead the threat apparently ended After all the battles all the death all the heartache Sam and the other heroes of Gythe thought they had finally won They were wrong Somehow Rasaad's master pilfered the two artifacts of power his apprentice had found Only one remains hidden When the three are united magical might as had not been known for ages will be at the user's fingertips Sam Sharp intends to be the one to obtain the last object stopping his mysterious enemy once and for all All he needs to do is find the missing item that has been hidden for millennia destroy the army trying to crush everything good in the world and defeat a villain who may or may not be the most renowned Zouyim master who ever lived Get the final book in the Harmonic Magic trilogy and experience the struggle the danger the liberation of Gythe or its destruction *Harmonic Magic Series Boxed Set* P.E. Padilla, To Gythe and back with action every step of the way The bestselling epic fantasy Harmonic Magic Series by USA Today bestselling author P E Padilla is now available in one set Included in the digital boxed set is Vibrations Harmonics Resonance and the Chronicles of Gythe tale Gray Man Rising See what caused reviewer MJR to write PE Padilla's writing is right up there with some of my other favorite fantasy authors Robert Jordan and Brandon Sanderson and Wanda M to write Five stars just don't seem to be enough for these books Sam Sharp didn't mean to go to another world but he did Trapped in Gythe a primitive world similar to his own but also so different he has no choice but to journey to the lair of the powerful tyrant the Gray Man to wrest from the villain the secret of

transporting himself back to his own world Joined by a Zouyim monk master of the magical vibrational energy called rohwa a Sapsyra warrior and a telepathic creature Sam develops into a powerful fighter himself through his intense training all while traveling toward the final confrontation with his enemy But will it be enough And if so what other dangers are waiting in the future Follow the adventures of Sam Nalia Rindu and Skitter as they strive to take control of their own destinies and protect the entire world of Gythe as they do it
