Unrepentant Women:

Unrepentant Woman Judith Burnley,1982 **Unrepentant Women** Judith Burnley,1984-08-01 Sarah Cornish an eccentric journalist conducts a series of interviews with women who have led exciting independent lives and learns to be more self reliant herself *Women's Literary Collaboration, Queerness, and Late-Victorian Culture* Jill R. Ehnenn,2017-05-15 The first full length study to focus exclusively on nineteenth century British women while examining queer authorship and culture Jill R Ehnenn s book is a timely interrogation into the different histories and functions of women s literary partnerships For Vernon Lee Violet Paget and Kit Anstruther Thomson Somerville and Ross Edith Somerville and Violet Martin Elizabeth Robins and Florence Bell and Katharine Bradley and Edith Cooper the couple who wrote under the pseudonym of Michael Field collaborative life and work functioned strategically as sites of discursive resistance that critique Victorian culture in ways that would be characterized today as feminist lesbian and queer Ehnenn s project shows that collaborative texts from such diverse genres as poetry fiction drama the essay and autobiography negotiate many limitations of post Enlightenment patriarchy Cartesian subjectivity and solitary creativity industrial capitalism and alienated labor and heterosexism In so doing these jointly authored texts employ a transgressive aesthetic and invoke the potentials of female spectatorship refusals of representation and the rewriting of history Ehnenn s book will be a valuable resource for scholars and students of Victorian literature and culture women s and gender studies and collaborative writing Woman Lillian Faderman,2022-03-15 A comprehensive history of the struggle to define womanhood in America from the seventeenth to the twenty first century An intelligently provocative vital reading experience This highly readable inclusive and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture Kirkus Reviews A comprehensive and lucid overview of the ongoing campaign to free women from the tyranny of old notions Publishers Weekly What does it mean to be a woman in America Award winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God s plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as metoo the appointment of Amy Coney Barrett to the Supreme Court the election of Kamala Harris as vice president and the transgender movement This wide ranging 400 year history chronicles conflicts retreats defeats and hard won victories in both the private and the public sectors and shines a light on the often overlooked battles of enslaved women and women leaders in tribal nations Noting that every attempt to cement a particular definition of woman has been met with resistance Faderman also shows that successful challenges to the status quo are often short lived As she underlines the idea of womanhood in America continues to be contested **Tough Love** Cynthia Burack,2014-02-01 Exposes how ex gay and postabortion ministries operate on a shared system of thought and analyzes their social implications A staple of the culture wars the struggle between Christian conservatives and progressives over sexuality and reproductive

rights continues Focusing on ex gay ministries geared to helping same sex attracted people resist their sexuality and postabortion ministries dedicated to leading women who have had an abortion to repent that decision Cynthia Burack argues that both are motivated and characterized by a strain of compassion that is particular to Christian conservatism rather than a bias and hatred toward sexual minorities and sexually active women This compassion reproduces the sexual ideology of the Christian right and absolves Christian conservatives from responsibility for stigma and other forms of harm to postabortive and same sex attracted people Using the democratic theory of Hannah Arendt the popular fiction of Ayn Rand and the psychoanalytic thought of Melanie Klein Burack studies the social and political effects of Christian conservative compassion

Spanish and Latin American Women's Crime Fiction in the New Millennium Nancy Vosburg, 2017-11-06 Crime fiction written by women in Spain and Latin America since the late 1980s has been successful in shifting attention to crimes often overlooked by their male counterparts such as rape and sexual battery domestic violence child pornography pederasty and incest In the twenty first century social economic and political issues including institutional corruption class inequality criminalized oppression of immigrant women crass capitalist market forces and mediatized political and religious bodies have at their core a gendered dimension The conventions of the original noir or novela negra genre have evolved such that some women authors challenge the noir formulas by foregrounding gender concerns while others imagine new models of crime fiction that depart drastically from the old paradigms This volume highlighting such evolution in the crime fiction genre will be of interest to students teachers and scholars of crime fiction in Latin America and Spain to those interested in crime fiction by women and to readers familiar with the sub genres of crime fiction which include noir the thriller the police procedural and the cozy novel *Women's Fiction and Post-9/11 Contexts* Peter Childs, Claire Colebrook, Sebastian Groes, 2014-10-21 9 11 is not simple a date on the calendar but marks a distinct historical threshold ushering in the war on terror various states of emergency a supposed clash of civilizations and the putative legitimation of counter democratic procedures ranging from extraordinary renditions to enhanced interrogation Perhaps no date since Virginia Woolf declared that on or about December 1910 human character changed has marked such a singular point in the perception of time identity and nature Women s writing has always been something of a counter canon offering modes of voice and point of view beyond that of the man of reason This collection of essays explores the two problems of what it means to write as a woman and what it means to write in the twenty first century *Women and the Criminal Justice System* Katherine S. Van Wormer, Clemens Bartollas, 2007 This text examines the various roles of women in the criminal justice system against a social context in which women are oppressed The text examines the following three roles of women in criminal justice Women as victims of crimes Women as criminals convicted and sentenced for crimes Women as workers in various agencies in the criminal justice system This text emphasizes content on gender and ethnic diversity and on the strengths of oppressed people especially women of color A wide range of issues are covered including the rate of early childhood sexual abuse victimization

in female inmates priest abuse of girls female inmate rape by male prison guard and obstacles for women lawyers achieving partnerships in their firms The authors provide a wealth of recent data drawn from both domestic and international human rights sources as well as from personal interviews The final portion of the text describes women s setbacks in entering the traditionally male dominated fields of policing the law and corrections if people are given half a chance they can draw on their own resources to heal from the past and build for the future This empowerment approach is already prominent in the social work field and widely used in victim treatment programs for working with female offenders
