**Beyond Sexuality** Tim Dean, 2000-09 Beyond Sexuality points contemporary sexual politics in a radically new direction Combining a psychoanalytic emphasis on the unconscious with a deep respect for the historical variability of sexual identities this original work of queer theory makes the case for viewing erotic desire as fundamentally impersonal Tim Dean develops a reading of Jacques Lacan that rather than straightening out this notoriously difficult French psychoanalyst brings out the queer tensions and productive incoherencies in his account of desire Dean shows how the Lacanian unconscious deheterosexualizes desire and along the way he reveals how psychoanalytic thinkers as well as queer theorists have failed to exploit the full potential of this conception of desire The book elaborates this by investigating social fantasies about homosexuality and AIDS including gay men's own fantasies about sex and promiscuity in an attempt to illuminate the challenges facing safe sex education Taking on many shibboleths in contemporary psychoanalysis and queer theory and taking no prisoners Beyond Sexuality offers an antidote to hagiographical strains in recent work on psychoanalysis Foucault and sexuality

*Risky Sexual Behaviours Among Migrant Tea Workers in Kenya* Kennedy Nyabuti Ondimu,2005 Risky sexual relationships are responsible for the rapid spread of sexually transmitted diseases in Sub Saharan Africa This study provides information

**Romantic Love and Sexual Behavior** Victor C. De Munck, 1998-04-16. Westerners believe that love makes life worth living; that sex is a natural desire, different in kind from love, and that only cynics reduce our love life to a calculation of economic or genetic factors. In this volume, essays explore these and other assumptions about the relationship between romantic love and sex. This represents the first interdisciplinary social science study of love and sex. Contributors ask and answer questions such as: Is love just sex idealized, or is it a transcendent and divine emotion? Is love a cultural construct that is shared by members of the same culture, or is it a matter of personal taste? What keeps promiscuous people from using condoms, even when they know they are at risk? Are black professional men so rare that their conceptions of love and sex differ from those of white professional men? Are brutal sexual fantasies an exclusively male domain, and are they always excluded from love fantasies among normal adolescents? Is divorce a culturally induced response to evolutionary reproductive strategies that compel individuals to maximize their genetic legacy? Are marriages or relationships less satisfying or stable when an actual mate falls short of the fantasy of the ideal mate? Is there a universal core to love and sex that is camouflaged by other cultural norms, such as modesty and sexual segregation? Is rape perceived as more acceptable when the rapist says he was motivated by love? What do cult movements and romantic love have in common? As they attempt to answer these and other questions, the authors extend our understanding of the variety of ways that love and sex are conceptualized, connected, or separated.

**Sex and Reason** Richard A. Posner, 1992-03. As judge and legal scholar, Posner shows we make quite rational choices about sex based on costs and benefits perceived. Drawing on the fields of biology, law, history, religion, and economics, this study examines societies from ancient Greece to today's Sweden and issues from masturbation, incest, taboos, date rape, and gay marriage to Baby M.

**The Philosophy of (erotic) Love** Robert C. Solomon, Kathleen Marie Higgins, 1991. Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today. It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love.
