Ralph Epperson, 1982      [Conspiracy Theories](#) Mark Fenster, 2008-07-29 JFK Karl Marx the Pope Aristotle Onassis Howard Hughes Fox Mulder Bill Clinton both George Bushes all have been linked to vastly complicated global or even galactic intrigues Two years after Mark Fenster first published [Conspiracy Theories](#) the attacks of 9 11 stirred the imaginations of a new generation of believers Before the black box from United 93 had even been found there were theories put forth from the implausible to the offensive and outrageous In this new edition of the landmark work and the first in depth look at the conspiracy communities that formed to debunk the 9 11 Commission Report Fenster shows that conspiracy theories play an important role in U S democracy Examining how and why they circulate through mass culture he contends helps us better understand society as a whole Ranging from The Da Vinci Codex to the intellectual history of Richard Hofstadter he argues that dismissing conspiracy theories as pathological or marginal flattens contemporary politics and culture because they are contrary to popular portrayal an intense articulation of populism and at their essence are strident calls for a better more transparent government Fenster has demonstrated once again that the people who claim someone s after us are at least worth hearing      **A Treasure Chest of Hidden History** Rusty Glover, 2013-09-16 As a high school history teacher for the past 25 years I have collected and read hundreds of books pertaining to my subjects taught On the completion of each book I would carefully take notes on the most interesting events quotes or interpretations that I felt would enhance instruction for my students After filling numerous notepads of information on over 800 books I contemplated a project of sharing my most interesting findings The result of this twenty plus year project is this book This book is divided into 16 chapters based on the various topics presented Some chapters contain a small amount of entries such as Nicknames Espionage or Labor while chapters on the Presidents or quotes will fill over thirty pages The first chapter puts emphasis on the role my home state of Alabama has played on the national scene One chapter is entitled Miscellaneous Odds and Ends due to the subject matter not fitting into any other classification      *The Unseen Hand* A.
