a novel about the human cost of China s one child policy through the lens of one rural family on the run from its reach Far
away from the Chinese economic miracle from the bright lights of Beijing and Shanghai is a vast rural hinterland where life
goes on much as it has for generations with one extraordinary difference normal parents are permitted by the state to have
only a single child The Dark Road is the story of one such normal family Meili a young peasant woman her husband Kongzi a
village schoolteacher and their daughter Nannan Kongzi is according to family myth a direct lineal descendant of Confucius
and he is haunted by the imperative to carry on the family name by having a son And so Meili becomes pregnant again
without state permission and when local family planning officials launch a new wave of crackdowns the family makes the
radical decision to leave its village and set out on a small rickety houseboat down the Yangtze River Theirs is a dark road and
tragedy awaits them and horror but also the fierce beauty born of courageous resistance to injustice and inhumanity The
Dark Road is a haunting and indelible portrait of the tragedies befalling women and families at the hands of China s one child
policy and of the human spirit s capacity to endure even the most brutal cruelty While Ma Jian wrote The Dark Road he
traveled through the rural backwaters of southwestern China to see how the state enforced the one child policy far from the
outside world s prying eyes He met local women who had been seized from their homes and forced to undergo abortions or
sterilization in the policy s name and on the Yangtze River he lived among fugitive couples who had gone on the run so they
could have more children that most fundamental of human rights Like all of Ma Jian s novels The Dark Road is also a
