Trigg, 2014-06-23 With suffrage secured in 1920 feminists faced the challenge of how to keep their momentum going As the center of the movement shrank a small self appointed vanguard of modern women carried the cause forward in life and work *Feminism as Life's Work* profiles four of these women the author Inez Haynes Irwin the historian Mary Ritter Beard the activist Doris Stevens and Lorine Pruette a psychologist Their life stories told here in full for the first time embody the changes of the first four decades of the twentieth century and complicate what we know of the period Through these women's intertwined stories Mary Trigg traces the changing nature of the women's movement across turbulent decades rent by world war revolution global depression and the rise of fascism Criticizing the standard division of feminist activism as a series of historical waves Trigg exposes how Irwin Beard Stevens and Pruette helped push the U S feminist movement to victory and continued to propel it forward from the 1920s to the 1960s decades not included in the wave model At a time widely viewed as the doldrums of feminism the women in this book were in fact taking the cause to new sites the National Women's Party sexuality and relations with men marriage and work and financial independence In their utopian efforts to reshape work sexual relations and marriage modern feminists ran headlong into the harsh realities of male power the sexual double standard the demands of motherhood and gendered social structures In *Feminism as Life's Work* Irwin Beard Stevens and Pruette emerge as the heirs of the suffrage movement guardians of a long feminist tradition and catalysts of the belief in equality and difference Theirs is a story of courage application and perseverance a story that revisits the bleak and lonely years of the U S women's movement and emerges with a fresh perspective of the history of this pivotal era **The Woman Citizen**, 1918 Can a Man Without Money Make a Woman Happy In a Relationship? TJ Clemons, This is a heavily debated topic and I am really looking forward to these responses because most men are looked at as the bread winner and the provider More and more women are taking over the role as head of the household They are carrying the burden and running the average single parent home This will definitely challenge the gender roles in our society as well as their dominant role as decision makers and bread winners *The Intelligent Woman's Guide To Socialism And Capitalism* Bernard Shaw, 2025-06-28 *The Intelligent Woman's Guide to Socialism and Capitalism* by Bernard Shaw offers readers an engaging exploration of economic systems through the lens of one of history's most astute thinkers In the titular story *The Intelligent Woman's Guide to Socialism and*

Capitalism Shaw provides a critical assessment of both socialism and capitalism addressing the complexities of income distribution and societal structures Written in 1928 Shaw s analysis remains remarkably relevant as he critiques the division of wealth the role of government and the influence of socioeconomic class on individual lives This thought provoking work challenges the status quo prompting readers to question the fairness and sustainability of existing economic models Shaw s sharp wit and keen analysis encourage readers to form their own opinions on the pressing issues of economic and social justice With its historical context and enduring themes this anthology is a must read for those interested in the ongoing dialogue about socialism capitalism and their impact on society By blending historical insights with timeless questions Shaw s guide continues to resonate with modern audiences seeking to understand the intricacies of these economic systems This anthology not only critiques existing models but also invites readers to engage in the broader conversation about economic theories and social equity Whether you re delving into the nuances of socialism or examining the principles of capitalism Shaw s work serves as an essential resource for understanding and navigating the complexities of economic and social justice
