Women In Kentucky:

Women in Kentucky Helen D. Irvin, 2014-07-11 In more than two hundred years of statehood most Kentucky women have been invisible to history Yet from the first settlement women have been prominent contributors to Kentucky history and culture *Women in Kentucky* tells the stories of the ordinary women of lonely frontier farms the women both black and white whose lives were shaped by slavery and the laboring women of the factories and shops in rising urban centers Helen Deiss Irvin also profiles the exceptional Kentucky women whose lives became more visible abolitionist Delia Webster suffragists Laura Clay and Madeline McDowell Breckinridge philanthropists Mary Breckinridge and Linda Neville reformer Carry Nation scholar and educator Sophonisba Breckinridge and physician Louise Gilman Hutchins *Women in Kentucky* casts a new light on the active and full participation of women in Kentucky's long and storied history **Kentucky Women** Melissa A. McEuen, Thomas H. Appleton Jr., 2015 Covering the Appalachian region in the east to the Pennyroyal in the west the essays highlight women whose aspirations innovations activism and creativity illustrate Kentucky's role in political and social reform education health care the arts and cultural development **A Simple Justice** Melanie Beals Goan, 2020-11-12 When the Declaration of Independence was signed by a group of wealthy white men in 1776 poor white men African Americans and women quickly discovered that the unalienable rights it promised were not truly for all The Nineteenth Amendment eventually gave women the right to vote in 1920 but the change was not welcomed by people of all genders in politically and religiously conservative Kentucky As a result the suffrage movement in the Commonwealth involved a tangled web of stakeholders entrenched interest groups unyielding constitutional barriers and activists with competing strategies In *A Simple Justice* Melanie Beals Goan offers a new and deeper understanding of the women's suffrage movement in Kentucky by following the people who labored long and hard to see the battle won Women's suffrage was not simply a question of whether women could and should vote it carried more serious implications for white supremacy and for the balance of federal and state powers especially in a border state Shocking racial hostility surfaced even as activists attempted to make America more equitable Goan looks beyond iconic women such as Susan B Anthony and Elizabeth Cady Stanton to reveal figures whose names have been lost to history Laura Clay and Madeline McDowell Breckinridge led the Kentucky movement but they did not do it alone This timely study introduces readers to individuals across the Bluegrass State who did their part to move the nation closer to achieving its founding ideals *The Status of Women in Kentucky*, 1998-01-01 *Businesses Owned by Women in Kentucky* Kentucky. Task Force on Businesses Owned by Women in Kentucky, 1996* **Violence Against Women in Kentucky** Carol E. Jordan, 2014-04-28 Weaving together universal themes of family geography and death with images of America's frontier landscape former Kentucky Poet Laureate Joe Survant has been lauded for his ability to capture the spirit of the land and its people *Kliatt* magazine has praised his work stating Survant's words sing This is storytelling at its best Exploring the pre-Columbian and frontier history of the commonwealth *The Land We Dreamed* is the final installment

in the poet's trilogy on rural Kentucky. The poems in the book feature several well-known figures and their stories, reimagining Dr. Thomas Walker's naming of the Cumberland Plateau, Mary Draper Ingles's treacherous journey from Big Bone Lick to western Virginia following her abduction by Native Americans, and Daniel Boone's ruminations on the fall season of 1770. *Survant* also explores the Bluegrass from the perspectives of the chiefs of the Shawnee and Seneca tribes. Drawing on primary documents such as the seventeenth-century reports of French Jesuit missionaries, excerpts from the Draper manuscripts, and the journals of pioneers George Croghan and Christopher Gist, this collection surveys a broad and under-recorded history. Poem by poem, *Survant* takes readers on an imaginative expedition through unspoiled Shawnee cornfields down the wild Ohio River and into the depths of the region's ancient coal seams. *Our Rightful Place* Terry L.

Birdwhistell, Deirdre A. Scaggs, 2020-06-22. In 1880, forty-three women walked into the president's office at the University of Kentucky (UK) and signed the student register, becoming the first female students at a public college in the commonwealth. But gaining admittance was only the beginning. For the next sixty-five years, encompassing two world wars, an economic depression, and the ratification of the Nineteenth Amendment, generations of women at UK claimed and reclaimed their right to an equitable university experience. Their work remains unfinished. Drawing on yearbooks, photographs, and other private collections, *Our Rightful Place: A History of Women at the University of Kentucky 1880-1945* examines the struggle for gender equity in higher education through the lens of one major institution. In the face of shifting resistance, pioneering women constructed opportunities for themselves. Terry L. Birdwhistell and Deirdre A. Scaggs highlight three women: Sarah Blanding, Frances Jewell McVey, and Sarah Bennett Holmes, who fought to secure basic facilities that were denied to UK women for decades, including housing and study spaces. By examining the trials and triumphs of UK's first female undergraduates, faculty, and administrators, this book uncovers the lasting impact women had on higher learning in the early days of coeducation.
