Techniques of Sensual Massage Janet Filderman, 1986      **How To Give An Erotic Sensual Massage** Derrick Niles, 2024-08-21 DID YOU KNOW THAT MANY PEOPLE SAY THAT A GOOD EROTIC MASSAGE CAN BE BETTER THAN HAVING GREAT SEX So with that FACT being said I m sure that there are definitely some days that you would take an erotic massage over sex in a heartbeat When someone knows what they are doing and are working your body over with their hands it can be quite amazing to say the least All this actually makes perfect sense as our brain releases the same feel good chemicals as it does when we are getting hot and heavy between the sheets with our lover It actually triggers the release of oxytocin that boosts our sense of trust and security and allows us to completely bond with our partners How we touch our lover truly matters No two people are the same and what feels really good to one person might be an uncomfortable feeling for another This book is about taking the mechanics of a traditional massage that involves rubbing the muscles with light gliding strokes and turning those moves into a sensual massage The goal of a traditional massage is to simply relax the entire body as well as work out kinks in the body But that s not necessarily the goal of an erotic sensual massage Especially when it gets a bit more sultry and sensual between a couple that truly loves one another So my friend If you really want to know how to give an out of this world sensual massage to your spouse you can start by using the many erotic massage techniques that you will learn in this valuable little book You can even surprise your partner by integrating a few refined touch tactics that you will learn in this book into your erotic massage There are many different types of massages and most importantly there are sensual erotic massages Sexual massages are always aimed at releasing built up tension and stress within the body which can actually help us with our overall well being Many people would be surprised to know that erotic massages do not necessarily have the end goal to orgasm or ejaculation but can also help people to focus on very pleasurable sensations during the whole experience If you are in a marital relationship these types of erotic massages can bring couples closer together as you explore each other s bodies with your hands and mouth You will also learn about the Penis Massage that consists of the masseuse honoring the natural sensations and stimulation of the penis through a sensual massage This

massage includes massaging the shaft testicles perineum and even the external prostate With this type of sensual erotic massage the goal is to really enjoy the full effects of a genital massage even when you do not need to ejaculate But if it does happen then do not mind Your husband receiving the massage will learn how to receive this pleasure You will also learn how to begin a Pussy Massage on your wife You will put her in a space of full relaxation which will help you to feel and accept the pleasure you are receiving as well by doing it for her This type of sensual massage is also about the giver enjoying the massage to help build respect and trust within a relationship And in this book we ll teach you the techniques of being a great masseur In this book you will learn How to put your spouse at ease with the proper rubbing techniques How to massage parts of their body you may never think about How to thoroughly massage your lady s pussy How to use your hands to bring her to a place of arousal Where your spouse s erogenous zones are And so much more Get A Copy Today You really need to get a copy of this book today
