The Innocent Ambassadors:

The Innocent Ambassadors Philip Wylie,1957 The Innocent Ambassadors Philip Wylie,1957 *American Science Fiction and the Cold War* David Seed,2019-08-07 American Science Fiction in both literature and film has played a key role in the portrayal of the fears inherent in the Cold War The end of this era heralds the need for a reassessment of the literary output of the forty year period since 1945 Working through a series of important texts David Seed investigates the political inflexions put on American narratives in the post war decades by Cold War cultural circumstances Nuclear holocaust Russian invasion and the perceived rise of totalitarianism in American society are key elements in the author sexploration of science fiction narratives which include Fahrenheit 451 Invasion of the Body Snatchers and Dr Strangelove Written in a lively and engaging style the author s approach draws on the significant body of Nuclear Criticism and the historicism of Hayden White and others in order to bring out the ideological tensions and urgencies in this fiction Relating the theory to a range of popular novels stories and films makes this book accessible to students academics and general readers alike Silver Spoon Books Abridged, Inc,1957 *The Compleat Ambassador: Or Two Treaties of the Intended Marriage of Qu: Elizabeth of Gloriosus Memory; Comprised in Letters of Negatiation of Sir Francis Walsingham, Her Resident in France. Together with the Answers of the Lord Burleigh, the Earl of Leicester, Sir Tho: Smith, and Others ... Faithfully Collected by the Truly Honourable, Sir Dudly Digges ...* Dudley Digges,1655 **Ambassador** ,1655 **Le droit des gens ou principes de la loi naturelle** Emer de Vattel,1916 *The Law of Nations, Or, Principles of the Law of Nature, Applied to the Conduct and Affairs of Nations and Sovereigns* Emer de Vattel,1829 **The Exterritoriality of Ambassadors in the Sixteenth and Seventeenth Centuries** Edward Robert Adair,1929 *The Christian Ambassador* ,1871 **Women Ambassadors Abroad** Mildred S. McFaden,1914 The Classics of International Law Carnegie Endowment for International Peace. Division of International Law,1916 **American Travel and Empire** Susan P. Castillo,David Seed,2009 In this volume leading scholars examine the interfaces between narratives of travel and empire Including both writing about America by visitors and the travel writing of Americans abroad this collection explores the ways in which descriptions of the landscapes and peoples of colonized areas shaped our perceptions as well as other issues related to the American empire such as the transmission of images and metaphor between colony and metropolis the portrayal of cultures as primitive or wild the cultural and economic hegemony underlying American and European travel writing and the deployment of cultural encounters to reinforce sovereign cultural practices **The Naked Communist** Roland Végső,2012-12-10 *The Naked Communist* argues that the political ideologies of modernity were fundamentally determined by four basic figures the world the enemy the secret and the catastrophe While the world names the totality that functioned as the ultimate horizon of modern political imagination the three other figures define the necessary limits of this

totality by reflecting on the limits of representation The book highlights the enduring presence of these figures in the modern imagination through detailed analysis of a concrete historical example American anti Communist politics of the 1950s Its primary objective is to describe the internal mechanisms of what we could call an anti Communist aesthetic ideology The book thus traces the way anti Communist popular culture emerged in the discourse of Cold War liberalism as a political symptom of modernism Based on a discursive analysis of American anti Communist politics the book presents parallel readings of modernism and popular fiction from the 1950s nuclear holocaust novels spy novels and popular political novels in order to show that despite the radical separation of the two cultural fields they both participated in a common ideological program
