Brenda Shaughnessy, Jazzy Danziger

The New Poets:

The New Young American Poets Kevin Prufer, 2000 An anthology of poems written by forty poets born after 1960

Best New Poets 2013 Brenda Shaughnessy, Jazzy Danziger, 2014-01-13 Praise for earlier editions These poets prove that American poetry has the strength and vision to move beyond the MFA environment in order to reshape and reflect past traditions Bloomsbury Review This collection stands out among the crowd claiming to represent emergent poets Much of the editing and preliminary reading was done by emerging poets themselves which results in an anthology that is fresh and eclectic and may actually represent a significant portion of the best new poetry being written by the next generation Best New Poets assures the reader that poetry even in a generation of text messaging and MP3 players is still alive and well The youthfulness of the anthology combined with the wide scope of its contents is apparent in the poems which are edgy and daring Virginia Quarterly Review Entering its eighth year Best New Poets has established itself as a crucial venue for rising poets and a valuable resource for poetry lovers The only publication of its kind this annual anthology is made up exclusively of work by writers who have not yet published a full length book The poems included in this eclectic sampling represent the best from the many that have been nominated by the country's top literary magazines and writing programs as well as some two thousand additional poems submitted through an open online competition The work of the fifty writers represented here provides the best perspective available on the continuing vitality of poetry as it is being practiced today *The New American Poetry and Cold War Nationalism* Stephan Delbos, 2021-08-20 This book examines Donald M Allen's crucially influential poetry anthology *The New American Poetry 1945-1960* from the perspectives of American Cold War nationalism and literary transnationalism considering how the anthology expresses and challenges Cold War norms claiming post war Anglophone poetic innovation for the United States and reflecting the conservative American society of the 1950s Examining the crossroads of politics social life and literature during the Cold War this book puts Allen's anthology into its historical context and reveals how the editor was influenced by the volatile climate of nationalism and politics that pervaded every aspect of American life during the Cold War Reconsidering the dramatic influence that Allen's anthology has had on the way we think about and anthologize American poetry and recontextualizing *The New American Poetry* as a document of the Cold War this study not only helps us come to a more accurate understanding of how the anthology came into being but also encourages new ways of thinking about all of Anglophone poetry from the twentieth century and today **The New Poets** Macha Louis Rosenthal, 1967 Critical study of major poets *A Companion to Contemporary British and Irish Poetry, 1960-2015* Wolfgang Gortschacher, David Malcolm, 2020-12-14 A comprehensive and scholarly review of contemporary British and Irish Poetry With contributions from noted scholars in the field *A Companion to Contemporary British and Irish Poetry 1960-2015* offers a collection of writings from a diverse group of experts They explore the richness of individual poets genres forms techniques traditions concerns and institutions that comprise these two distinct but interrelated national poetries Part

Anthologies of British Poetry ,2021-11-22 From Tottel s Miscellany 1557 to the last twentieth century Oxford Book of English Verse 1999 anthologies have been a prime institution for the preservation and mediation of poetry The importance of anthologies for creating and re creating the canon of English poetry for introducing new programmes of poetry as a record of changing poetic fashions audience tastes and reading practices or as a profitable literary commodity has often been asserted Despite its impact however the poetry anthology in itself has attracted surprisingly little critical interest in Britain or elsewhere in the English speaking world This volume is the first publication to explore the largely unmapped field of poetry anthologies in Britain Essays written from a wide range of perspectives in literary and cultural studies and the point of view of poets editors publishers and cultural institutions aim to do justice to the typological functional and historical variety with which this form of publication has manifested itself from early modern print culture to the postmodern age of the world wide web

The New Republic Herbert David Croly,1921 **The Nation** ,1909 Contemporary Indian English Poetry and Drama Sajalkumar Bhattacharya,Himadri Lahiri,Arnab Kumar Sinha,2019-07-29 This anthology of essays maps the divergent issues that have become relevant in contemporary Indian English poetry and drama By providing a clear idea about the new themes techniques and methods used by the Indian English poets and playwrights to address the issues emerging in the changing socio cultural scenario particularly during the post globalization period the essays offer insightful observations on canon formation and its reception It is high time to consider afresh whether the canons of Indian English poetry and drama have widened their scope to include innovative forms of writing or whether they have evolved significantly to generate novel perspectives These questions which are linked with the issue of canon formation and its reception are intricately woven into the fabric of these essays This anthology will respond to the scholarly interests of inquisitive students research scholars and academics in the field of Indian English literature *An Anthology of*
