The Next Fine Day:

One Fine Day Ian Marchant, 2023-04-06 Bloody marvellous Nicholas Lezard New Statesman Marchant conspires with his diarist ancestor to bring to life the eccentricities and the importance of the early eighteenth century Elegiac consistently funny deeply moving Richard Beard author of *Sad Little Men* One day Ian Marchant acclaimed author of books on music railways and pubs decided as all men of a certain age must to have a dig around his family history Surprisingly quickly a web search informed him that his seven times great great grandfather Thomas Marchant had left a detailed diary from 1714 to 1728 So far so jolly Life loving diarist Thom who liked a drink and a game of cards feels recognisably Marchant to Ian With fascinating detail we learn about Thom's family farm and fishponds about dung horses and mud about beer the wife's nights out his own job troubles and their shared worries for their children But as Ian digs deeper beyond the Sussex diary's bucolic portrait he discovers a subtext a family descended from immigrants with anti establishment politics who are struggling with illness political instability and cash crises just as their country does three centuries on [It's a Fine Day for the Hill](#) Adam Watson, 2011 Adam Watson's interest in snow began at 7 the Cairngorms at 9 mountaineering and ski mountaineering in later boyhood His book recounts many fine days on the hill in Scotland Iceland and northern Scandinavia on foot or ski often on his own in wonderful places that excited him beyond measure He tells what it was like to be with four remarkable Scots who greatly influenced him as a young naturalist and mountaineer Seton Gordon Bob Scott o the Derry Tom Weir and Tom Patey The beauty and variety of the hill the weather and the wildlife were and are an inspiration to him and his descriptions touch on this In these modern times of pervasive regulation and politically correct control this book is a breath of fresh air as a proclamation of the value and wonder that are the greatest joys of lone exploration on the spur of the moment Author Adam Watson BSc PhD DSc DUniv raised in lowland Aberdeenshire is a retired research ecologist aged 80 He began lifelong interests on winter snow in 1937 snow patches in 1938 the Cairngorms in 1939 A mountaineer and ski mountaineer since boyhood he has experienced Scotland Iceland Norway Sweden mainland Canada Newfoundland Baffin Island Finland Switzerland Italy Vancouver Island and Alaska His main research was and is on population biology behaviour and habitat of northern birds and mammals In retirement he has contributed 16 scientific publications on snow patches since 1994 He is a Fellow of the Arctic Institute of North America Centre for Ecology and Hydrology Royal Meteorological Society Royal Society of Edinburgh and Society of Biology Since 1954 he has been a member of the Scottish Mountaineering Club and since 1968 author of the Club's District Guide to the Cairngorms This book is testimony to the idea that Exploring for yourself by your own free will without formal courses or training is the best joy the hills can give my Preface The Cairngorms 1975 Now I would add without detailed planning for my best days have been lone trips begun without such planning indeed on the spur of moment and weather almost chance events Four chapters salute Scots to whom I owed much as a young naturalist and mountaineer Seton Gordon Bob Scott Tom Patey and Tom Weir They held to the above idea Reading Seton Gordon's
