The RKO Gals:

The RKO Gals James Robert Parish, 1977 *Anne's World* Irene Gammel, Benjamin Lefebvre, 2010-06-19 The recent 100 year anniversary of the first publication of L M Montgomery's *Anne of Green Gables* has inspired renewed interest in one of Canada's most beloved fictional icons. The international appeal of the red-haired orphan has not diminished over the past century and the cultural meanings of her story continue to grow and change. The original essays in *Anne's World* offer fresh and timely approaches to issues of culture, identity, health, and globalization as they apply to Montgomery's famous character and to today's readers. In conversation with each other and with the work of previous experts, the contributors to *Anne's World* discuss topics as diverse as Anne in fashion, the global industry surrounding Anne, how the novel can be used as a tool to counteract depression, and the possibility that Anne suffers from Fetal Alcohol Syndrome. Anne in translation and its adaptation for film and television are also considered. By establishing new ways to examine one of popular culture's most beloved characters, the essays of *Anne's World* demonstrate the timeless and ongoing appeal of L M Montgomery's writing.

RKO Gals (the). J.R. Parish, 1974 ***The Women of Warner Brothers*** Daniel Bubbeo, 2010-06-21 The lives and careers of Warner Brothers screen legends Joan Blondell, Nancy Coleman, Bette Davis, Olivia de Havilland, Glenda Farrell, Kay Francis, Ruby Keeler, Andrea King, Priscilla Lane, Joan Leslie, Ida Lupino, Eleanor Parker, Ann Sheridan, Alexis Smith, and Jane Wyman are the topic of this book. Some achieved great success in film and other areas of show business, but others failed to get the breaks or became victims of the studio system's sometimes unpleasant brand of politics. The personal and professional obstacles that each actress encountered are here set out in detail, often with comments from the actresses who granted interviews with the author and from those people who knew them best on and off the movie set. A filmography is included for each of the fifteen.

Joan Fontaine Marsha L. Beeman, 1994-03-23 Always in competition with her older, more famous sister Olivia de Havilland, Joan Fontaine had a varied and successful career of her own. She eventually attained stardom for her work in the film *Rebecca*, which won the 1940 Academy Award for best picture. The following year she won the Academy Award for best actress in *Suspicion*, beating out her sister for the coveted prize. This book tells the story of her fascinating career and provides full information for her many performances. A short biography of Fontaine begins the book and overviews the rivalry between Fontaine and her sister, her disappointing marriages, her illnesses, and her productive and rewarding career as an entertainer. Chapters then provide detailed information for her films, radio, and television shows, and stage appearances. Each chapter contains individual entries for her productions, with entries providing cast and credit information, a plot summary, a critical analysis, and excerpts from reviews. An annotated bibliography provides information about books and articles related to every aspect of Joan Fontaine's life and work.

The New Historical Dictionary of the American Film Industry Anthony Slide, 2014-02-25 The *New Historical Dictionary of the American Film Industry* is a completely revised and updated edition of Anthony Slide's *The American Film Industry*, originally published in 1986 and recipient of the American

Library Association's Outstanding Reference Book award for that year. More than 200 new entries have been added and all original entries have been updated; each entry is followed by a short bibliography. As its predecessor, the new dictionary is unique in that it is not a who's who of the industry but rather a what's what: a dictionary of producing and releasing companies, technical innovations, industry terms, studios, genres, color systems, institutions, and organizations, etc. More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens from Astoria Studios to Zoetrope.

Strange Pilgrimages Ingrid Elizabeth Fey, Karen Racine, 2000. This fascinating collection of essays and articles shows how Latin Americans' travels and residency abroad helped them re-examine their own origins and perceptions of their homeland. Latin Americans traveled both purposefully and frequently in the nineteenth and twentieth centuries. *Strange Pilgrimages* reveals their experiences in Europe and the United States and explores their power to shape opinions and bring outside influence back to Latin America. This new book analyzes Latin Americans' longstanding attraction to and interest in other cultures as barometers of their own progress. In addition, *Strange Pilgrimages* examines the invention of tradition, cultural practice, and identity formation among nation-states. A combination of articles and primary sources provides readers with both informed analysis of the experiences of Latin American travellers and entertaining first-hand accounts from the travellers and exiles themselves. These travellers were a diverse group that included artists, diplomats, political exiles, athletes, dilettantes, and more. Readers will learn that Latin Americans came to understand their homelands better and, in fact, helped to define their own countries' identities through their experiences traveling and living abroad.
