The Romantic Reader:

The Romantic Reader Howard E. Hugo, 1960-04-10 *The Romantic Reader* Howard E. Hugo, 1957 *The Portable Romantic Reader* Howard E. Hugo, 1968 *Romance Readers and Romance Writers* Christopher Goulding, 2015-09-30 This edition of *Romance Readers and Romance Writers 1810* is the first modern scholarly publication of what is arguably Green's most famous novel. As with many of her other works, Green adopts numerous sophisticated methods to parody her contemporaries.

The Reader, 1906 *Reading the Romance* Janice A. Radway, 2009-11-18 Originally published in 1984, *Reading the Romance* challenges popular and often demeaning myths about why romantic fiction, one of publishing's most lucrative categories, captivates millions of women readers. Among those who have disparaged romance reading are feminists, literary critics, and theorists of mass culture. They claim that romances enforce the woman reader's dependence on men and acceptance of the repressive ideology purveyed by popular culture. Radway questions such claims, arguing that critical attention must shift from the text itself, taken in isolation, to the complex social event of reading. She examines that event from the complicated business of publishing and distribution to the individual reader's engagement with the text. Radway's provocative approach combines reader response criticism with anthropology and feminist psychology. Asking readers themselves to explore their reading motives, habits, and rewards, she conducted interviews in a midwestern town with forty-two romance readers whom she met through Dorothy Evans, a chain bookstore employee who has earned a reputation as an expert on romantic fiction. Evans defends her customers' choice of entertainment, reading romances, she tells Radway, is no more harmful than watching sports on television. "We read books so we won't cry" is the poignant explanation one woman offers for her reading habit. Indeed, Radway found that while the women she studied devote themselves to nurturing their families, these wives and mothers receive insufficient devotion or nurturance in return. In romances, the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect. The heroines admired by Radway's group defy the expected stereotypes; they are strong, independent, and intelligent. That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do, Radway argues, with the women readers' fantasies and choices than with their need to deal with a fear of masculine dominance. These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes. In fact, women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture. Paradoxically, the books that they read make conventional roles for women seem desirable. It is this complex relationship between culture, text, and woman reader that Radway urges feminists to address. Romance readers, she argues, should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination. In a new introduction, Janice Radway places the book within the context of

current scholarship and offers both an explanation and critique of the study's limitations

The Romance Reader's Guide to Life Sharon Pywell, 2017-04-04 Smart funny and compulsively readable Kirkus starred review As a young girl Neave was often stuck in a world that didn't know what to do with her As her mother not unkindly told her she was never going to grow up to be a great beauty Her glamorous sister Lilly moved easily through the world a parade of handsome men in pursuit Her brother didn't want a girl joining his group of friends And their small town of Lynn Massachusetts didn't have a place for a girl whose feelings often put her at war with the world often this meant her mother her brother and the town librarian who wanted to keep her away from the Dangerous Books she really wanted to read But through an unexpected friendship Neave finds herself with a forbidden copy of *The Pirate Lover* a steamy romance and Neave discovers a world of passion love and betrayal And it is to this world that as a grown up she retreats to again and again when real life becomes too much Neave finds herself rereading *The Pirate Lover* more than she ever would have expected because as she gets older life does not follow the romances she gobbled up as a child When Neave and Lilly are about to realize their professional dream Lilly suddenly disappears Neave must put her beloved books down and take center stage something she has been running from her entire life And she must figure out what happened to Lilly and if she's next Who Neave turns to help her makes Sharon Pywell's *The Romance Reader's Guide to Life* one of the most original entertaining exciting and chilling novels you will read this year

Romantic Shakespeare Younglim Han, 2001 These two criticisms are based on the presumption that only a socially and intellectually elite reader is able to view the author's language in terms of its organic relationship with the text as a whole The Romantics focused on the interpretive reproduction of Shakespeare through sympathetic identification with his characters

BOOK JACKET Romanticism Gendered Andrea Fischerová, 2020-11-09 This study focuses on the six writing men who have been throughout decades regarded as the alpha and omega of British Romanticism Byron Coleridge Keats Scott Shelley and Wordsworth It sees these men as a representative cohort of their time and examines their letters as results of a reading process Although letters are usually seen as additional sources of reference in literary studies in this book they are treated as the dominant information material correspondence enables to reconsider British Romanticism on the basis of the epistolary communication of the first half of the nineteenth century The target information from the letters are references to women writers and to their writings A detailed analysis of the correspondence manages to answer the question whether male Romantics regarded writing women as provoking from time to time as Duncan Wu assumes and whether the gender identity of the woman author influenced the way male readers read her literary works The examination of the correspondence thus takes a gendered perspective on British Romanticism This approach to the target research data discloses a long list of almost 120 names of women writers from different periods and of different literary genres Whereas the male readers in question have acquired a well established stable long term position within literary history the women were often marginalized even forgotten The study presents plentiful examples proving the discrepancies between what the

twenty first century reader regards as the core of women s Romantic literary tradition and what the Romantic reader did The following women writers are discussed in the study in detail Susannah Centlivre Anne Finch Lady Winchelsea Ann Radcliffe Mary Robinson Felicia Hemans Mary Shelley Joanna Baillie Maria Edgeworth Maria Jane Jewsbury Catherine Grace Godwin and Emmeline Fisher
