Emerging Trends in the Diagnosis and Intervention of Neurodevelopmental Disorders Gupta, Sanjeev Kumar, Venkatesan, Srinivasan, Goswami, S.P., Kumar, Rajeev, 2018-10-26 Neurodevelopmental disorders encompass a group of conditions that can typically manifest during early childhood. These include intellectual disabilities, communication disorders, autism spectrum disorder, ASD, attention deficit hyperactivity disorder, ADHD, specific learning disorder, SLD, and motor disorders. Early identification and assessment can be a valuable tool in determining diagnosis, prognosis, functional abilities, and formulating clinical intervention for both children and adults with neurodevelopmental disorders. *Emerging Trends in the Diagnosis and Intervention of Neurodevelopmental Disorders* is an essential reference source that discusses and disseminates contributions covering recent trends in diagnosis, assessment, and intervention techniques. Featuring research on topics such as clinical linguistics, neural connectivity, and animal-assisted therapy, this book is ideally designed for speech pathologists, social workers, occupational therapists, psychologists, psychiatrists, neurologists, pediatricians, researchers, clinicians, and academicians seeking coverage on neural and developmental disorder identification and strategies for clinician support and therapies. [The SAGE Encyclopedia of Theory in Psychology](#) Harold L. Miller, Jr., 2016-05-24 Drawing together a team of international scholars, *The SAGE Encyclopedia of Theory in Psychology* examines the contemporary landscape of all the key theories and theorists, presenting them in the context needed to understand their strengths and weaknesses. Key features include approximately 300 signed entries filling two volumes. Entries are followed by cross-references and further readings. A reader's guide in the front matter groups entries thematically. A detailed index and the cross-references provide for effective search and browse in the electronic version. Back matter includes a chronology of theory within the field of psychology, a master bibliography, and an annotated resource guide to classic books in this field, journals, associations, and their websites. *The SAGE Encyclopedia of Theory in Psychology* is an exceptional and scholarly source for researching the theory of psychology, making it a must-have reference for all academic libraries. **Current Trends in Breast Cancer Pathology, Screening, Diagnosis and Treatments** Firdos Alam Khan, 2026-01-21 *Current Trends in Breast Cancer Pathology, Screening, Diagnosis and Treatments* offers an extensive examination of the intricate landscape of breast cancer. This reference not only traverses the entire spectrum from pathology to advanced treatment methodologies but also provides the complexities of bioinformatics research and basic research. By presenting information in a manner that is easily digestible, this book caters to researchers and students across various levels of expertise, facilitating a broader understanding of the subject. Spanning 12 detailed chapters, this book unravels the intricacies of breast cancer development. It provides insights into the cellular and molecular pathologies that underlie the disease, outlines the various stages of breast cancer, and elucidates the diverse methods employed in screening and diagnosis. Moreover, this book explores the available treatment modalities, offering a nuanced perspective on the challenges inherent in breast cancer diagnosis and treatment. This book

goes beyond a retrospective analysis and adopts a forward thinking approach It not only addresses the current challenges but also casts a forward looking gaze identifying potential future research avenues in this critical field This foresight is essential in shaping the trajectory of advancements in breast cancer research and treatment Tailor made for a broad audience including health professionals scientists researchers health practitioners and students its thorough examination of current paradigms ensures that readers gain a nuanced understanding of the complexities involved in breast cancer Offers unique information on the diagnosis and treatment of breast cancer cells Discusses a comprehensive range of topics related to breast cancer including pathology diagnosis and treatments Gives insight into future technologies for breast cancer diagnosis and treatments
