The Coward's Composition - I Prathik Kumar,2026-03-14 Paris 1824 A dying painter completes his masterpiece a vast canvas depicting one hundred soldiers marching toward a frozen horizon The work is precise disciplined and historically faithful But when the paint dries the count is wrong There are one hundred and one Decades later a watchmaker is found dead on the Silent Road his body arranged with unsettling precision The wound is surgical The footprints are measured And among the evidence lies an old coin from the year 1812 Inspector Thorne begins an investigation that reveals an impossible pattern military relics vanished regiments and objects that seem to belong to a war long finished Yet something remains unaccounted for A soldier history never recorded A presence hidden behind the fourth rank And a shadow that refuses to stay forgotten The Coward s
