Pre-Theories and Theories of Foreign Policy-Making Emmanuel N. Amadife,1999-06-10 Pre Theories and Theories of Foreign Policy Making provides the first comprehensive theoretical study focusing only on United States policy toward the Nigerian Biafran conflict which occurred from 1967 1970 This civil war was an important development in international politics attracting the attention of all of the world powers as the first major civil war not perceived as an ideological competition between East and West during the Cold War Amadife probes the utility of James N Rosenau s pre theory discussion of foreign policy exploring the tragic dilemma of policymakers who tried to balance the demands of traditional state craft with those of humanitarian pressures He compares the 1967 decision by the United States to remain neutral and not recognize Biafra to the 1968 decision to extend humanitarian assistance to the war victims to investigate whether they support Rosenau s pre theory Using the research methods of a historian and the theoretical framework of a political scientist Amadife presents a useful and thorough examination of the U S involvement in the Nigerian conflict
