**The Heart of a Dad** George Gibbs II,2018-02-07 The Heart of A Dad is an unfinished story of the journey of a dad who attempted to practice parenting through the grid of biblical Christianity It is a story about a young man who came out of a fractured and semi dysfunctional upbringing and discovered a path to functional parenting In this book dads are challenged to maintain strong vibrant relationships with their children through their engagement and their support of their childrens dreams Gibbs takes you through several stages in the parenting process from a very practical perspective and he attempts to show not only how he navigated through these different stages but he also shares with you the practical lessons learned from each of these parenting stages For example in chapter five where he

discusses The Danger Zone he provides dads with eight practical steps for navigating this period of their childrens lives In part two Gibbs explores parenting through the lives of historical biblical characters and he draws parenting lessons for dads from these 12 characters He humanizes them and makes what was done thousands of years ago relevant in parenting today The foundational principles of The Heart of a Dad are discovered in his presentation of Lessons Learned from Enoch who was the father of Methuselah who was the oldest man of historic record he lived 969 years In part three Gibbs unveils parenting lessons as they are seen in the spiritual relationship between God the Father and his children He also explores the theology of God through the biblical relationship that exists between God the Father and His only begotten Son The Heart of a Dad is a fresh look at parenting from an experiential yet biblical perspective Young fathers can learn from the lessons of parenting without making the same mistakes that Gibbs and so many others made by not realizing that there are models that one can follow and that there are navigational maps and tools available for parenting Transition to Eminence G. Trusting God W. Lewis Sain,2022-09-14 This book is the story of my life first as a worldly sinner not knowing God s presence in my life and then as a saved and redeemed sinner recognizing and acknowledging God as my Lord and Savior It is how God talked to me about life and showed me how to trust Him through the understanding of what faith is during fifty years as a pilot and as a Christian living life every day a snapshot a moment in time of my experiences My life is not so unique Most people start out their lives not knowing what vocation will be their life s work Mine was no different However with that said it was as if the hand of God has always been on me directing and orchestrating my life He allowed me to recognize His leading and has given me a unique perspective that may be beneficial to others to help them understand this thing which we call life This is my God story Thoughts I Christopher Leach,2004 Thoughts I is an unconventional book Thoughts I consists of poetry prose and short stories in an unconventional manner Thoughts are supposed to take place inside the mind so the purpose behind Thoughts I is to make the reader think Reading is supposed to be enjoyable as well as entertaining Yet because Thoughts I is an unconventional book it may and mostly will frustrate any reader who conforms to a

regimented written style of literature But for those readers who are looking for something different Thoughts I may be refreshing and appealing to your senses Hopefully it will inspire you to think at the very least Yet as the author of Thoughts I I hope to inspire more then just your mind I hope to touch your heart and your soul And if I can do that then I ve accomplished what I ve set out to do **Field and Stream** ,1910 Overland Monthly and Out West Magazine ,1907
