Hidden Secrets Christina Gow,2002 The Secret of the Pacific Charles Reginald Enock,1913 **Secret Knowledge** David Hockney,2006 Secret Knowledge created a sensation when it was first published David Hockney s enthralling story of how some of the great works of Western art were created with the help of mirrors and lenses and how the optical look came to dominate painting attracted major media attention around the world and generated intense debate in the fields of science and art history Now in this expanded edition Hockney takes his thesis even further revealing for the first time new and exciting discoveries Hockney s voyage of discovery began when he became gripped by a desire to find out how the artists of the past had managed to depict the world around them so accurately and vividly As a painter faced with similar technical problems he asked himself How did they do this For the next two years he sacrificed his own time as an artist to follow this mystery trail obsessively tracking down the hidden secrets of the Old Masters As news of his controversial investigations spread he enlisted the support of scientists and art historians worldwide In Secret Knowledge Hockney recounts the story of his quest as it unfolded He explains how he uncovered piece after piece of scientific and visual evidence each one yielding further revelations about the past With the

benefit of his painter's eye he examines the major works of art history and reveals the truth of how artists such as Caravaggio Velazquez van Eyck Holbein and Ingres used mirrors and lenses to help them create their famous masterpieces For this new edition Hockney demonstrates with the aid of drawings paintings and photographs of his own experiments how Renaissance artists used mirrors and lenses to develop perspective and chiaroscuro radically challenging our view of how these two foundations of Western art were established Hundreds of paintings and drawings among them the best known and best loved works in the history of Western art are reproduced and accompanied by Hockney's infectious and enthusiastic descriptions His own photographs and drawings illustrate the various methods used by past artists to capture accurate likenesses and present the results they would have achieved In addition extracts from the many historical and modern documents that he uncovered offer further intriguing evidence while correspondence between himself and an array of international experts provides an exciting account of the remarkable story as it happened Secret Knowledge is not just about the lost techniques of the Old Masters It is also about how we see treat and make images in an age of computer manipulation Taking nothing for granted questioning received ideas and practice Hockney opens our eyes to the way we perceive and represent the world a privileged insight into the history of art by an outstandingly prolific and original artist **Honor** Jay Crownover,2016-10-18 A ruthless underworld boss will do anything to claim the only woman he ever loved in the New York Times bestselling author's gritty romantic suspense Don't be fooled Don't make excuses for me I am not a good man I've seen things no one should done things I can never undo Honor and conscience have no place in my life But I've fought and I've survived I've had to The first time I saw her dancing on that seedy stage in that second rate club I felt my heart pulse for the first time Keelyn Foster was too young too vibrant for this place and I knew in an instant that I would make her mine But first I had to climb my way to the top I had to have something more to offer her I'm here now money is no object and I have no equal Except for her And now she's disappeared But don't worry I will find her and claim her She will be mine Like I said don't be fooled I am not the devil in disguise I'm the one standing front and center Annual Report of the Insurance Commissioner Massachusetts.
