beginner and contains for those who look beneath the surface information respecting the proper way in which a beginner  
should order his outer and inner man so as to be in harmony with God s all lovely will And since good works are undoubtedly  
a better guide and sometimes shed a brighter light into a man s heart than mere words therefore the book recounts as  
examples many different holy actions which really and truly took place just as they are related The book also tells of a man s  
progress in holiness that is how by avoiding things by sufferings and by exercises he may break through his unmortified  
animal nature and arrive at great and exalted dignity Aeterna Press      *Systematic Theology: Volume I - The Doctrine of God*
