**An Unmarried Man** Darryl Ponicsan, 1980 *Metaphysical Grounding* Fabrice Correia, Benjamin Schnieder, 2012-10-04 Some of the most eminent and enduring philosophical questions concern matters of priority: what is prior to what? What grounds what? Is for instance matter prior to mind? Recently a vivid debate has arisen about how such questions have to be understood. Can the relevant notion or notions of priority be spelled out? And how do they relate to other metaphysical notions such as modality, truth making or essence? This volume of new essays by leading figures in contemporary metaphysics is the first to address and investigate the metaphysical idea that certain facts are grounded in other facts. An introduction introduces and surveys the debate, examining its history as well as its central systematic aspects. The volume will be of wide interest to students and scholars of metaphysics.
