Cincinnati Theaters Steven J. Rolfe, Douglas R. Weise, Phil Lind, 2016 Theaters have always been the places where memories are made There on Saturday afternoons children could escape the pressures of growing up to live for two hours in a fantasy world of daring heroes dastardly villains and dazzling magic They were the places where awkward teenage boys could nervously and often clumsily put their arms around equally nervous girls In years past every neighborhood had its own local theater Downtown was home to the great movie palaces ornate portals to a world of motion picture thrills For a unique experience nothing could beat a hot summer night at the drive in Today in the era of the corporate multiplex the great movie palaces are just memories Some neighborhood cinemas are now churches or venues for meetings wedding receptions and small concerts Images of America Cincinnati Theaters looks back at these marvelous old theaters and the days when they were in their prime

The Wister Trace Loren D. Estleman,2014-09-29 A master practitioner's view of his craft this classic survey of the fiction of the American West is part literary history part criticism and entertaining throughout The first edition of The Wister Trace was published in 1987 when Larry McMurtry had just reinvented himself as a writer of Westerns and Cormac McCarthy's career had not yet taken off Loren D Estleman's long overdue update connects these new masters with older writers assesses the genre's past present and future and takes account of the renaissance of western movies as well Estleman's title indicates the importance he assigns Owen Wister's 1902 classic The Virginian Wister was not the first writer of Westerns but he defined the genre contrasting chivalry with the lawlessness of the border and introducing such lines as When you call me that smile Estleman tips his hat to Wister's predecessors among them Ned Buntline the inventor of the dime novel and Buffalo Bill His assessments of Wister's successors Zane Grey Walter Van Tilburg Clark and Louis L Amour to name but three soon make clear the impossibility of differentiating great western writing from great American writing Especially important in this new edition is the attention to women writers The author devotes a chapter each to Dorothy Johnson author of The Man Who Shot Liberty Valance and Annie Proulx whose Wyoming stories include Brokeback Mountain In his discussion of movies Estleman includes a list of film adaptations that will guide readers to movies and moviegoers to books An appendix draws readers attention to authors not covered elsewhere in the volume some of them old masters like Bret Harte and Jack London but many of them fascinating outliers ranging from Clifford Irving to Joe R Lansdale
