A Soldier Recalls Shreenivas Kumar Sinha,1992 Autobiographical reminiscences of an Indian Army officer **A Soldier Recalls** Shreenivas Kumar Sinha,1992 Autobiographical reminiscences of an Indian Army officer **Archives of Memory** Alice M. Hoffman,Howard S. Hoffman,2021-11-21 Tell me about the war these words launched a ten year project in oral history by a husband and wife team Howard Hoffman fought in World War II from Cassino to the Elbe as a mortar crewman and a forward observer His war experiences are of intrinsic interest to readers who seek a foot soldier s view of those historic events But the principal purpose of this study was to explore the bounds of memory to gauge its accuracy and its stability over time and to determine the effects of various efforts to enhance it Alice Hoffman a historian initiated the study because she recognized the critical role of memory in gathering oral history Howard Hoffman the subject is an experimental psychologist Alice s tape recorded interviews with her husband over a period of ten years are the basic material of the study which compares the events as recounted in the first phase of the interviews with later accounts of the same experiences and with the written records of his company as well as the memories of fellow soldiers and the evidence of photographs and other documents This engrossing story of World War II breaks new ground for practitioners of oral history The Hoffmans findings indicate that a subset of human memory exists that is so permanent and resistant to change that it can properly be labeled archival In addition to describing some of the circumstances under which archival memories are formed the Hoffmans describe the conditions that were found to influence their storage and retrieval **American Soldiers** Peter S. Kindsvatter,2003 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This book synthesizes the wartime experiences of American soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry *Infantry Journal* ,1917 **Thomas Dekker** Mary Leland Hunt,1911 **Navy and Army Illustrated** ,1896 *United States.
