Stalinist Command Economy

David R. Stone

Stalinist Command Economy:

The Stalinist Command Economy Timothy Dunmore, 1980-06-18 [Decision-making in the Stalinist Command Economy, 1932-37](#) E. A. Rees, 1997-04-12 A detailed examination of economic policy making in the USSR during the period of the Second Five Year Plan 1933-1937. The work examines the process by which the plan was formulated and implemented through a series of detailed case studies based on archival material, examining the role of the Politburo, the Soviet government, Gosplan, and the main economic commissariats. It examines the relationship between the conflicts within the economic commissariats and the unleashing of the Great Purges 1936-38. The work aims towards a new conceptualisation of the Stalinist state.

[The Stalinist Command Economy](#) Timothy Dunmore, 1980 [Decision-making in the Stalinist Command Economy, 1932-37](#) E. A. Rees, 1997-01-01 A detailed examination of economic policy making in the USSR during the period of the Second Five Year Plan 1933-1937. The work examines the process by which the plan was formulated and implemented through a series of detailed case studies based on archival material, examining the role of the Politburo, the Soviet government, Gosplan, and the main economic commissariats. It examines the relationship between the conflicts within the economic commissariats and the unleashing of the Great Purges 1936-38. The work aims towards a new conceptualisation of the Stalinist state.

Behind the Facade of Stalin's Command Economy Paul Gregory, 2013-11-01 The red files revealed. Examining the period from the early 1930s through Stalin's death in 1953, the height of the Stalinist regime, this enlightening book reveals what we have learned from the archives, what has surprised us, and what has confirmed what we already knew. Most of the authors have worked with these archives since they were opened.

Behind the Facade of Stalin's Command Economy Paul Gregory, 2003-10-01 The red files revealed. Examining the period from the early 1930s through Stalin's death in 1953, the height of the Stalinist regime, this enlightening book reveals what we have learned from the archives, what has surprised us, and what has confirmed what we already knew. Most of the authors have worked with these archives since they were opened.

The Political Economy of Stalinism Paul R. Gregory, 2003-10-27 This book uses the formerly secret Soviet state and Communist Party archives to describe the creation and operations of the Soviet administrative command system. It concludes that the system failed not because of the jockey i.e. Stalin and later leaders, but because of the horse, the economic system. Although Stalin was the system's prime architect, the system was managed by thousands of Stalins in a nested dictatorship. The core values of the Bolshevik Party dictated the choice of the administrative command system, and the system dictated the political victory of a Stalin-like figure. This study pinpoints the reasons for the failure of the system: poor planning, unreliable supplies, the preferential treatment of indigenous enterprises, the lack of knowledge of planners, etc. but also focuses on the basic principal agent conflict between planners and producers which created a sixty-year reform stalemate.

Stalin Stephen Kotkin, 2018-11-20 Monumental. The New York Times Book Review Pulitzer Prize finalist. Stephen Kotkin has written the definitive biography of Joseph Stalin from collectivization and the Great Terror to the conflict

with Hitler's Germany that is the signal event of modern world history. In 1929 Joseph Stalin, having already achieved dictatorial power over the vast Soviet Empire, formally ordered the systematic conversion of the world's largest peasant economy into socialist modernity, otherwise known as collectivization, regardless of the cost. What it cost and what Stalin ruthlessly enacted transformed the country and its ruler in profound and enduring ways. Building and running a dictatorship with life and death power over hundreds of millions made Stalin into the uncanny figure he became. Stephen Kotkin's *Stalin: Waiting for Hitler, 1929-1941* is the story of how a political system forged an unparalleled personality and vice versa. The wholesale collectivization of some 120 million peasants necessitated levels of coercion that were extreme even for Russia, and the resulting mass starvation elicited criticism inside the party even from those Communists committed to the eradication of capitalism. But Stalin did not flinch. By 1934, when the Soviet Union had stabilized and socialism had been implanted in the countryside, praise for his stunning anti-capitalist success came from all quarters. Stalin, however, never forgave and never forgot, with shocking consequences, as he strove to consolidate the state with a brand new elite of young strivers like himself. Stalin's obsessions drove him to execute nearly a million people, including the military leadership, diplomatic and intelligence officials, and innumerable leading lights in culture. While Stalin revived a great power, building a formidable industrialized military, the Soviet Union was effectively alone and surrounded by perceived enemies. The quest for security would bring Soviet Communism to a shocking and improbable pact with Nazi Germany. But that bargain would not unfold as envisioned. The lives of Stalin and Hitler, and the fates of their respective dictatorships, drew ever closer to collision as the world hung in the balance. *Stalin: Waiting for Hitler, 1929-1941* is a history of the world during the build-up to its most fateful hour from the vantage point of Stalin's seat of power. It is a landmark achievement in the annals of historical scholarship and in the art of biography.

[From Allies to Enemies](#) Simei Qing, 2007-02-28. Simei Qing offers a new perspective on relations between the U.S. and China after World War II. Based on American, Russian, and newly declassified Chinese sources, this book reveals rarely examined assumptions entrenched in mainstream policy debates on both sides and sheds light on the origins and development of U.S.-China confrontations.

The Oxford Companion to Politics of the World Joel Krieger, 2001-08-02. The world has seen dramatic changes since the publication of the first edition of *The Oxford Companion to Politics of the World* in 1993. In the post-Cold War world, globalization now offers wealth and opportunities on a broader scale, as well as greater international harmony, but threatens to reinforce the advantage gap between wealthy and poor regions and intensify environmental degradation. Conflict and squalor, expressed in brutal brushfire wars, epidemics, and chronic underdevelopment, vie with equally dramatic accounts of growth and democracy associated with a liberal political order and the global diffusion of trade, investment, and communications. Drawing on the breadth of the first edition, this updated edition reflects the changing world with a reassessment of many of the core themes of the Companion and new articles on the people, concepts, and events that have shaped the world since 1993. The second edition includes biographies of Kofi Annan, Tony Blair, Bill

Clinton and Gerhard Schröder articles on events such as the Rwandan Genocide and the war in Kosovo and coverage of international trade developments such as NAFTA and the World Trade Organization Eighty seven of the 672 articles in the Second Edition are completely new most others are thoroughly revised This edition also features a substantial new set of articles a dozen essays on critical issues written by influential figures Recognizing the importance of including varying viewpoints the editors have commissioned these essays to provide an informed and often passionate debate on controversial topics Discussions include Lani Guinier and Glenn Loury on Affirmative Action Francis Fukuyama and Milton Fisk on the Limits of Liberal Democracy and Lloyd Axworthy and John Bolton on the United Nations The contributors discuss nearly every nation in the world including extensive information on institutions political parties leaders and the sources of political mobilization and conflict The volume also includes biographies of more than seventy five political leaders and thinkers who have shaped the contemporary political world Articles include detailed discussions of critical historical developments and events concepts international law and organizations The Oxford Companion to Politics of the World Second Edition is an accessible timely thought provoking and comprehensive reference that captures the complexity and vitality of contemporary world affairs

Varieties of Alternative Economic Systems Richard Westra, Robert Albritton, Seongjin Jeong, 2017-07-14 In this age of overlapping and mutually reinforcing deep global crises financial convulsions global warming mass migrations militarism inequality selfish nation states etc there needs to be more realistic dialogue about radical alternatives to the status quo Most literature produced heretofore has focused on the surface causes of these crises without much attention given to the sorts of major societal changes needed in order to deal with the crises we face This book moves the debate beyond the critiques and the false or not fully realised alternatives to focus on what can be termed practical utopias The contributors to this book outline a range of practical proposals for constructing pathways out of the global economic ecological and social crisis *Varieties of Alternative Economic Systems* eschews a single blueprint but insists on dealing directly with the deep structural problems and contradictions of contemporary global capitalism It provides a diverse array of complementary proposals and perspectives that can inform both theoretical thinking and practical action This volume will be of interest to academics and students who study political science ecological economics international politics and socialism

European Industrial Policy James Foreman-Peck, Giovanni Federico, 1999 At the end of the 20th century with stagnating industrial output unemployment in many European countries has climbed to levels not seen since the 1930s Interventionist industrial policies thus find new popularity after the gentle flirtation with liberalization in the early 1990s Under the Maastricht Treaty the European Union was granted industrial policy powers for the first time The present study aims to contribute to an understanding of European industrial policy by introducing an historical perspective National policy continuities and the considerable time over which industrial performance responds to changed environments emerge with greater clarity in the long run The chapters in this book take a broad view of industrial policy including those policies that establish the framework

such as competition law as well as sector for firm specific policies The overall conclusion is that improved framework policies such as liberalization and re regulation are still essential Monetary union in the core will increase tensions arising from economic inflexibility Although there are often strong political barriers blocking implementation of appropriate industrial policies they will be even more necessary under monetary union

The Legacy of World War II on the Stalinist Home Front Joon-Seo Song,2007 This dissertation investigates the impact of the Second World War on Magnitogorsk a defense industrial center in the Urals and its people Drawing on interviews and sources located in Magnitogorsk and Cheliabinsk archives this study explores the city authorities strategies to overcome social economic and political problems created by the war and the ways in which the urban inhabitants responded to governmental policies by investigating three important aspects of postwar daily life living conditions labor and social security

Economics Selections ,1980 **Hammer and Rifle** David R. Stone,2000 Analysis of the central role of militarization in the development of state society and economy in the U S S R between the end of the New Economic Plan in 1926 and the conclusion of the first Five Year Plan in 1933

Comparative Economic Systems Allan Garfield Gruchy,1977 *Russian and Soviet Economic Performance and Structure* Paul R. Gregory,Robert C. Stuart,1998 This study in transition economics covers Russian and Soviet economic performance and looks at the origins of the Soviet economy the administrative command economy and its decline and contemporary Russia

Russian and Soviet Economic Performance and Structure Paul R. Gregory,Robert C. Stuart,2001 The Seventh Edition of *Russian and Soviet Economic Performance and Structure* offers students a balanced perspective in understanding the Soviet past and Russia s present and future With thorough coverage of the Soviet legacy the transition and the contemporary Russian economy the text allows instruction from either ahistorical or contemporary perspective NEW A major update of the critical economic issues in contemporary Russia at the dawn of the twenty first century NEW Increased coverage of the critical energy and agriculture sectors of key issues such as privatization where more and better evidence is now available NEW An assessment of a full ten years of Russian economic performance under transition including increased emphasis on the basic issues in transition and the important differences between Russia and other transition economies NEW Updated terminology for easier reference by students Allows flexible teaching choices New contemporary focus still allows instructors the flexibility to teach the course from a historical perspective Authors are established active scholars who are widely known and well respected in the field of comparative economic systems

Annals of Collective Economy ,1929 Includes 1954 1963 reports of the International Collective Economy Conference varies

The Stalin Years Evan Mawdsley,1998 This book looks at the entire Stalin era and includes chapters on ideology politics economic development social change nationalities culture and external relations The final chapter deals with the Great Terror

Stalinist Command Economy Introduction

In today's digital age, the availability of Stalinist Command Economy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Stalinist Command Economy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Stalinist Command Economy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Stalinist Command Economy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Stalinist Command Economy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Stalinist Command Economy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Stalinist Command Economy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of

certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Stalinist Command Economy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Stalinist Command Economy books and manuals for download and embark on your journey of knowledge?

FAQs About Stalinist Command Economy Books

1. Where can I buy Stalinist Command Economy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Stalinist Command Economy book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Stalinist Command Economy books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
