Tactile Values Poems:

Tactile Values Mark Scott, Studies in the Lyric Poems of Friedrich Hebbel Albert Edward Gubelmann,1912

Fundamentals of the Art of Poetry Oscar Mandel,1998-04-01 Fundamentals of the Art of Poetry takes the reader on a journey that sets out with a consideration of the various arts humankind has created and then focuses on the special art of poetry what poetry is what it does and must do in order to succeed for whom it does what it does and in detail how it goes about doing what it tries to do Twenty two chapters deal with subjects like The Constituencies for Art What Meaning Means Acceptable and Unacceptable Propositions The Right Word in the Right Place The Sounds that Matter in Poetry Energetic Metaphor the Major Figure and so on including an eloquent epilogue Touching Genius Writing with great brio and tough minded lucidity the Belgo American poet dramatist scholar and essayist examines a host of concepts concerning the arts in general and poetry in particular This highly original Ars poetica will be of interest to general readers college students poets curious about their own metier and last but not least literary critics and theorists who will encounter many a discreet challenge to current ideas in its pages *Poetry, Publishing, and Visual Culture from Late Modernism to the Twenty-first Century* Natalie Pollard,2020-05-27 This is a book about contemporary literary and artistic entanglements word and image media and materiality inscription and illustration It proposes a vulnerable fugitive mode of reading poetry which defies disciplinary categorisations embracing the open endedness and provisionality of forms This manifests itself interactively in the six case studies which have been chosen for their distinctness and diversity across the long twentieth century the book begins with the early twentieth century work of writer and artist Djuna Barnes exploring her re animation of sculptural and dramatic sources It then turns to the late modernist artist and poet David Jones considering his use of the graphic and plastic arts in *The Anathemata* and next to the underappreciated mid century poet F T Prince whose work uncannily re activates Michelangelo s poetry and sculpture The second half of the book explores the collaborations of the canonical poet Ted Hughes with the publisher and artist Leonard Baskin during the 1970s the innovative late twentieth century poetry of Denise Riley who uses page space and embodied sound as a form of address and finally the contemporary poet Paul Muldoon who has collaborated with photographers and artists as well as ventriloquising nonhuman phenomena The resulting unique study offers contemporary writers and readers a new understanding of literary artistic and nonhuman practices and shows the cultural importance of engaging with their messy co dependencies The book challenges critical methodologies that make a sharp division between the textual work and the extra literary and raises urgent questions about the status and autonomy of art and its social role Poetry Harriet Monroe,1919 **Lyric Poem and Aestheticism** Marion Thain,2016-08-16 This study explores lyric poetry s response to a crisis of relevance in Victorian Modernity offering an analysis of literature usually elided by studies of the modern formation of the genre and uncovering previously unrecognized discourses within it Setting the focal aestheticist poetry c 1860 to 1914 within much broader historical theoretical and aesthetic frames it speaks to those

interested in Victorian and modernist literature and culture but also to a burgeoning audience of the new lyric studies The six case studies introduce fresh poetic voices as well as giving innovative analyses of canonical writers such as D G Rossetti Ezra Pound A C Swinburne

The Imaginal Reaction to Poetry June Etta Downey,1911 *Adrienne Rich's Later Poetry* Alec Marsh,2024-12-12 Reorienting understandings of Adrienne Rich s later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich s political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich s interest in Marx there is no in depth treatment of the effect of Marx s humanistic philosophy on Rich s later work or even on her unwavering but altered dedication to Women s Liberation This book fills this gap showing how Rich s discovery of Marx s humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry

Twentieth Century Poetry Peter Robinson,2005-01-06 Peter Robinson s third book of literary criticism presents a sequence of chapters exploring ways that selves and situations interact and become imaginatively identified with each other in poems Readings of works by Ezra Pound Basil Bunting Louis MacNeice W S Graham Elizabeth Bishop Allen Curnow Charles Tomlinson Mairi MacInnes Tom Raworth and Roy Fisher share an interest in how poems can be both attached to and detached from the culture society and conditions in which they were written These studies draw out and underline both the ubiquity and elusiveness of the self in the situation of the text The poems studied here are also discussed as focal points for relations between readerly and writerly selves and their situations in and over time

Ezra Pound's Mauberley John Jenkins Espey,1926 **Goucher Kalends** ,1916 Poems and Plays Robert Browning,1946 *Studies in Psychology of Literature* June Etta Downey,1911 **Bulletin** ,1910 **Preliminary Study of Family Resemblance in Handwriting** June Etta Downey,1910 Harper's Anthology for College Courses in Composition and Literature: Of education Frederick Alexander Manchester,William Frederic Giese,1926 *Harper's Anthology* Frederick Alexander Manchester,William Frederic Giese,1926 A collection of literature from acclaimed authors like Thackeray Plato and Goethe *The Churchman* ,1896 **The Speaker** ,1896

Through the Poet's Eye Bozena Shallcross,2002-06-25 The travels undertaken by these Eastern European poets who each journeyed to the West under different circumstances give Shallcross her point of departure as she explores the connections between the sensory experience of travel and the revelatory perception of the visual arts manifest in their writings
