Taj Mahal Hourly History,2018-01-10 Taj Mahal The Taj Mahal in Agra is arguably the most iconic image of India and is visited by eight million tourists annually It was

characterized as pure perfect and unutterably lovely by the British Viceroy Lord Curzon and in 1983 UNESCO declared it a World Heritage Site of outstanding universal value For centuries the world has believed that it was built by Shah Jahan in 1631 to immortalize his love for his wife Mumtaz Mahal Certain mysteries and myths that surround the monument have recently come to the fore in the country stimulating a public debate about the place it holds as a true representation of Indian culture Inside you will read about The Life of Mumtaz Mahal The Jewel of the Palace The Building of the Taj Mahal A UNESCO World Heritage Site Myths Conjecture and Controversy The 22 Locked Rooms in the Basement And much more This book presents the five main historical figures of the Mughal Empire in India during that period as well as many details of how the Taj Mahal was built It traces the events that have led to the present controversy **Where Is the Taj Mahal?** Dorothy Hoobler, Thomas Hoobler, Who HQ, 2017-01-24 Learn about the love story behind the creation of one of the most beautiful and famous buildings in the world The Taj Mahal may look like a palace but it s actually a tomb and a lasting testament to one of the world s great love stories In 1612 Mogul emperor Shah Jahan married Mumtaz Mahal It had been love at first sight and for nineteen years they were so inseparable that Mumtaz even accompanied Shah Jahan to battlefields When she died suddenly giving birth to their fourteenth child the emperor set about building a magnificent memorial to his wife Everything about the Taj was perfectly planned from the white marble walls that shimmer in the sunlight and sparkle by moonlight to the countless decorative flowers made from precious gems that still astound visitors today Recent discoveries at the site make this a timely account of a timeless monument Taj Mahal Caroline Arnold, Madeleine Comora, 2007-01-01 Recounts the love story behind the building of the Taj Mahal in India discussing how it was constructed and providing information on Indian culture **The Taj Mahal: A History** John David Cooper, 2017-03-21 Everyone has seen photographs of the Taj Mahal The massive bulbous central dome the four slender minarets the shimmering marble the long reflecting pool the manicured gardens all seem too striking for adequate description and proper appreciation But there is more to the Taj than its beauty The world s best known mausoleum celebrates the love story of the seventeenth century Moghul emperor Shah Jahan and his queen Mumtaz Mahal They fell in love at first sight and were married for nineteen years She ruled at his side as almost an equal but her death in childbirth in 1631 left him wild with grief and determined to build a monument to their devotion Behind this romantic tale is the saga of the Moghul emperors who swept into North India only a century earlier By the time of Shah Jahan they had established an absolute monarchy comparable to Louis XIV s The Moghul court was rich cruel and omnipotent As descendants of Tamerlane and Genghis Khan they relished bloody combat savage sports and hideous torture of their victims In the absence of primogeniture brother fought brother for the throne it was the law of the throne or coffin But less than a century after Shah Jahan was deposed by his ruthless son the dynasty was in decline and ripe for conquest by Great Britain For a time it seemed like the Taj like the Moghuls would vanish Only in the twentieth century was the Taj restored to something of its former glory Here is the dramatic and often tragic story of the Taj and the
