The Exception:

Dietrich Bonhoeffer and a Theology of the Exception Kevin O'Farrell, 2023-11-30 Examines the idea of the exception for Dietrich Bonhoeffer which is a moment in history that befalls a person whereby God liberates them for a free response that participates in the emergence of new political and moral formations beyond the determinations of this age Law and the Exception Gian-Giacomo Fusco, Przemysław Tacik, 2025-09-26 This book proposes a paradigm shift in the way that the state of exception as it is usually named in legal and political theory is to be understood Building on the assumption that the exception is a heuristic idea that is still a relevant category for a critical deconstruction of law this book argues that it needs to be rethought outside the boundaries of its traditional understanding To this end the book offers two strategies First it develops the ideas of exceptionality and exceptionalisation in order to grasp how measures norms and mechanisms that clearly have an exceptional character are no longer confined within the boundaries of classic institutions such as the state of exception martial law the state of emergency and so on As demonstrated recently during the COVID 19 pandemic legal systems may dissimulate the exceptional as the normal avoiding the use of formal states of exception and adopting measures that are of exceptional nature This book maintains that it is necessary to think of exceptionality outside of its usual legal footholds Emergency laws are considered here as part of a more general sphere of exceptionality that must be understood as the product of a process of the accumulation of symbols practices notions and images that are only partially expressed through law despite having long populated the legal imagination Second the book offers an analysis of the inner exceptional life of liberal constitutionalism the subterranean authoritarian drives dissimulated by the rule of law This book will interest scholars and researchers in legal and political theory as well as continental philosophy **The American Decisions** John Proffatt, Abraham Clark Freeman, 1881 Pennsylvania State Reports Pennsylvania.
