The Executives:

Parliamentary Oversight of the Executives Elena Griglio, 2020-10-01 Oversight of executives has always been a key function of parliaments and one that is central to developing the relationship between the executive and legislative branches of government. However, in reality, governments are taking a more pronounced role in controlling legislation, diluting the influence of parliament. This book plots this trend in parliaments across Europe to illustrate points of convergence and divergence. In so doing, it suggests tools and methods that parliaments can develop to bolster their crucial oversight role.
