

THE EXILES TRILOGY

EXILED TO THE STARS!

They were Earth's finest minds: the most brilliant of the young generation of scientists who alone could save the overburdened planet.

But the tyrannical World Government feared their breakthrough in genetic engineering, and they were rewarded for their success by the cruellest punishment ever devised.

Banned from Earth forever, their exile became the greatest challenge of mankind. They left behind a million years of evolution to face the unknown on a one-way voyage across the Universe.
