**The Iroquois Ceremonial of Midwinter** Elisabeth Tooker, 2000-04-01 The Midwinter ceremonial the longest and most complex of the rituals of the Longhouse religion is examined here in three parts Following a short cultural history of the Iroquois and a description of the present geographical location of the various longhouses and tribes Elisabeth Tooker discusses the principles of Iroquois ritualism The second part of the book is devoted to detailed accounts of the Midwinter ceremonial as it is performed today at six Iroquois longhouses The third part presents the historical perspective of the ceremony through excerpts from writings of Roman Catholic and Protestant missionaries captives travelers local residents and anthropologists

**Conservatism among the Iroquois at the Six Nations Reserve** Annemarie Anrod Shimony, 1994-07-01 Annemarie Anrod Shimony's classic work clearly shows the contemporary cultural and religious crises that face the Longhouse Iroquois at the Six Nations Reserve Ontario Shimony presents a lucid and eloquent account of the survival of the Native American tradition which is struggling to maintain political and cultural autonomy in an ever changing modern world Based on original field work dating from 1953 to 1961 and supplemented by new material describing changes during the last thirty years Shimony's work is once again the most comprehensive ethnography of the largest extant traditional Iroquoian community Some of the material discussed includes the social organization the system of hereditary chiefs the beliefs and practices of the Longhouse religion the events of the Iroquoian life cycle and the extensive medicinal and witchcraft aspects of the culture Additional areas of focus include the rituals of the agricultural calendar and Iroquois conceptions of death and burial rituals As Elizabeth Tooker wrote in *Indians of the Northeast* Shimony's monograph is next to Morgan's *League* the most important general description of the Iroquois With its new material added *Conservatism among the Iroquois* is once again required reading for anyone interested in Native American culture

*Lewis H. Morgan on Iroquois Material Culture* Elisabeth Tooker, 2022-08-09 Lewis Henry Morgan's mid nineteenth century assemblage of Iroquois made artifacts featured more than 500 objects and at the time was the largest such collection for a single Indian group In this richly illustrated volume Elisabeth Tooker has brought together much previously unpublished material not only to show how Morgan managed such an impressive feat of scholarship but also to reveal something of his too often neglected research methods
