

# The Gun

**Robert R. Redfield**

## **The Gun:**

**The Story of the Gun** Paul J. Hazell, 2021-05-24 This engaging and accessible book explains the scientific principles behind guns both ancient and modern It connects their evolution to advances in science as well as tracing the developments of projectiles and propellants It is not limited to small arms but also looks at the science of enormous guns such the Paris Gun for example and reviews the efforts to build a gun to launch projectiles into space Extremely fast guns are also covered such as two stage guns and rail guns Further the book provides insight into the science of terminal ballistics and wound ballistics as well as the challenging subject of gun control It is full of interesting facts for all who are curious about the science and history of guns as well as those for whom the gun is an accessory of their profession

**The Gun Debate** Philip J. Cook, Kristin A. Goss, 2014-04-01 No topic is more polarizing than guns and gun control From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch the topic has preoccupied citizens public officials and special interest groups for decades *The Gun Debate What Everyone Needs to Know* delves into the issues that Americans debate when they talk about guns With a balanced and broad ranging approach noted economist Philip J Cook and political scientist Kristin A Goss thoroughly cover the latest research data and developments on gun ownership gun violence the firearms industry and the regulation of firearms The authors also tackle sensitive issues such as the effectiveness of gun control the connection between mental illness and violent crime the question of whether more guns make us safer and ways that video games and the media might contribute to gun violence No discussion of guns in the U S would be complete without consideration of the history culture and politics that drive the passion behind the debate Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements Written in question and answer format the book will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms This book is a must read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America *What Everyone Needs to Know* is a registered trademark of Oxford University Press

*The Way of the Gun* Iain Overton, 2016-03-22 In this gripping tour de force of investigative reporting an award winning journalist travels through America and beyond to understand the brutal reality and consequences of a world in which twelve billion bullets are produced every year for almost a billion guns According to the United States Bureau of Justice more than 4 5 million Americans became victims of gun crime between 2004 and 2013 With the highest global rate of gun ownership and gun imports and exports not to mention the controversial Second Amendment America is justifiably the focus of a growing gun debate But the five hundred thousand people around the world killed by guns every year suggest that it is far from the only nation in the cultural political economic and lethal grip of the gun Over a hundred countries have their own firearm industries and twenty nations recently saw children carrying guns into conflicts *The Way of the Gun* is a shocking eye opening expos of the global gun ecosystem and its

long reaching impact Traveling to America the Middle East South America Africa and Asia veteran journalist Iain Overton meets murderers and law enforcement marksmen gun fetishists and weapons smugglers gun manufacturers and grieving relatives of victims He unearths the sobering scale of the international gun economy explaining the relationships between its legal and illegal players and powerfully portrays its effects on health care religion law enforcement politics and most of all individuals Driven by firsthand research and objective reporting The Way of the Gun is not a polemic Overton who works for the international nonprofit Action on Armed Violence but also hunts and once ran a gun club eschews heated rhetoric for a compelling factual narrative that puts America s unique relationship with guns into an international context providing a sobering perspective on the arguments dividing our nation and increasingly the world Shortlisted for the Crime Writers Association Dagger Award for Nonfiction Praise For The Way Of The Gun Every page is packed with emotional power and startling statistics A passionate mix of rhetoric and travelogue Overton s book takes the gun debate into impressive new territory Kirkus Reviews starred review Adventurous ambitiously tracing the often devastating impact of guns around the world Punctuated with thoughtful discussions on issues from the Second Amendment to the US Constitution to women s attitudes toward guns contains moments of great poignancy Financial Times Riveting poignant This book is more than just facts it s insight and revelation on a very human level Independent Shocking Overton has sipped full of horrors and is not reticent about sharing them Newsweek Gripping reportage that s as disturbing as it is enlightening without crucially lapsing into an antigun diatribe GQ Magazine

**Under the Gun** Peter H. Rossi, 2017-09-29 In 1978 the Social and Demographic Research Institute of the University of Massachusetts Amherst received a grant from the National Institute of Justice to undertake a comprehensive review of the literature on weapons crime and violence in the United States The purpose of the project is best described as a sifting and winnowing of the claims and counterclaims from both sides of the Great American Gun War the perennial struggle in American political life over what to do if anything about guns about violence and about crime The review and analysis of the available studies consumed the better part of three years the results of this work are contained in this volume The intention of any review is to take stock of the available fund of knowledge in some topical area Under the Gun is no different our goal has been to glean from the volumes of previous studies those facts that in our view seem firmly and certainly established those hypotheses that seem adequately supported by or at least approximately consistent with the best available research evidence and those areas or topics about which it seems we need to know a lot more than we do One of our major conclusions can be stated in advance despite the large number of studies that have been done many critically important questions have not been adequately researched and some of them have not been examined at all Much of the available research in the area of weapons and crime has been done by advocates for one or another policy position As a consequence the manifest intent of many studies is to persuade rather than to inform We have tried to approach the topic from a purely agnostic point of view treating as an open question what policies should be enacted with regard to

gun or crime control Thus we have tried to judge each study on its own merits on the basis of the routine standards normally applied to social scientific research and not on the basis of how effectively it argues for a particular policy direction It would of course be presumptuous to claim that we have set aside all our own biases in conducting this study Whether or not our treatment is fair and objective is clearly something for the reader and not us to decide

*The Gun and Its Development* William Wellington Greener,1888 *The Gun and Its Development* W. W. Greener,2013-03-01 First published in Great Britain in 1881 and subsequently revised nine times between then and 1910 The Gun and Its Development traces the fascinating history of weaponry the obscure ancient origins of the slingshot and the bow the invention of the crossbow possibly around 1000 AD the introduction of gunpowder into Europe in the fourteenth century the development of sporting and military guns over the centuries thereafter and the rise of modern mass produced firearms in the early twentieth century Chapters cover early to modern handguns gunpowder ignition methods from fuses and flintlocks to percussion fulminates shotguns hammerless guns ejector guns the history of the firearms industry manufacturing methods and their development in Britain America and elsewhere how to use and handle different types of guns ballistics the development of rifling and smokeless powder and much more Copiously illustrated with photographs and marvelous engravings The Gun and Its Development is the classic authoritative reference work on the subject certain to be of great interest to marksmen hunters gun collectors and anyone interested in military or industrial history

**The Gun Debate** Philip J. Cook,Kristin A. Goss,2020 No topic is more polarizing than guns and gun control From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch the topic has preoccupied citizens public officials and special interest groups for decades In this thoroughly revised second edition of The Gun Debate What Everyone Needs to Know noted economist Philip J Cook and political scientist Kristin A Goss delve into the issues that Americans debate when they talk about guns With a balanced and broad ranging approach the authors thoroughly cover the latest research data and developments on gun ownership gun violence the firearms industry and the regulation of firearms The authors also tackle sensitive issues such as the impact of gun violence on quality of life the influence of exposure to gun violence on mental health home production of guns arming teachers the effect of concealed weapons on crime rates and the ability of authorities to disarm people who aren t allowed to have a gun No discussion of guns in the U S would be complete without consideration of the history culture and politics that drive the passion behind the debate Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements Written in question and answer format this updated edition brings the debate up to date for the current political climate under Trump and will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms This book is a must read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America

## **The Gun Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Gun has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Gun has opened up a world of possibilities. Downloading The Gun provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Gun has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Gun. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Gun. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Gun, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Gun has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About The Gun Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Gun is one of the best book in our library for free trial. We provide copy of The Gun in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Gun. Where to download The Gun online for free? Are you looking for The Gun PDF? This is definitely going to save you time and cash in something you should think about.
