The Herald Years:

The Herald's History of Los Angeles City Charles Dwight Willard, 2015-12-08 The career of a city contains as much good material out of which an entertaining history may be constructed as does the life of an individual or the development of a nation but for some reason it has come to pass in America that the preparation of city or local history has usually fallen into the hands of schemers who exploit the prominent citizen for his biography and throw in something of a narrative merely as an apology for the book's existence The present book is an attempt to supply in convenient and portable shape the material facts in the history of Los Angeles city It contains nothing in the form of paid or biographical matter strange that such a statement should be needed and it is offered for sale at the bookshops on its merits as a book
