The Impressionists:

The Impressionists William Gaunt,1970 The purpose of this book is to describe the aims and achievements of the Impressionist movement and to illustrate them in a magnificent series of colour plates It shows how within the framework of the movement each artist has applied his own interpretation of these aims to landscape portraiture and still life employing new technical methods as he discovered them Jacket

The Impressionists Francesco Salvi,2008 This book describes the development of Impressionism and presents the eleven artists who made up the Impressionist group including reproductions and analyses of their work

The Impressionists Michael Wilson,1990 The fascinating and moving story of the Impressionist painters

The Impressionists and Their Art Russell Ash,1980 This volume includes many of the great masterpieces of Impressionism The brilliant colours of Rouen Cathedral as captured by Monet Manet's once shocking nude in *The Picnic* the many beautiful women depicted by Renoir in Paris cafes and Degas snapshot visions of ballet dancers on and off stage But the book presents not only the works of the original Impressionists but also paintings by less familiar artists such as Fantin Latour Cassatt and Guillaumin The full scope of Impressionism however was not limited to its immediate adherents and this book also traces its later flowering in the work of the Post Impressionists and Neo Impressionists through reproductions of paintings by Seurat Van Gogh Gauguin and Toulouse Lautrec

Paintings by the Impressionists Desmond Fitzgerald,American Art Association,1927

The Impressionists Handbook Robert Katz,Dars Celestine,1999 The two authors who are both knowledgeable writers with extensive background in the study of art and art history write engagingly about the history of impressionism and the life and works of Pissarro Manet Degas Monet Renoir and Sisley At 7x8 5 the book is compact but the format is large enough to accommodate decent reproductions of many of the paintings under consideration This is a thoughtfully prepared well written treatment of the subject with none of the ponderousness that handbook might imply It was originally published in 1991 by Bookmart Ltd UK Annotation copyrighted by Book News Inc Portland OR

The Impressionists at First Hand (Second) (World of Art) Bernard Denvir,2023-11-14 An updated edition of this classic collection of letters critical reviews and reminiscences by impressionist artists and their contemporaries The impressionists Claude Monet douard Manet Edgar Degas Berthe Morisot Camille Pissarro Pierre Auguste Renoir Alfred Sisley and others are probably the most popular of all artistic schools Their struggle to impose a new vision is one of the most absorbing stories in the whole history of art With imagination and insight art historian Bernard Denvir brings impressionism into focus by showing it through the eyes of the artists themselves and their contemporaries against the background of the time Through letters critical reviews statements and reminiscences of the people who were there the story of this groundbreaking art movement comes alive This was the age of innovation political liberalization emergent photography and modern ideas about perception The impressionists had new ways of painting but they also had a new world to paint This revised edition now features full color reproductions of art throughout and an updated bibliography

The Private Lives of the Impressionists Sue Roe, 2008-12-13 The New York Times bestselling biography of Manet Cezanne Degas and others a revealing group portrait lively required reading People Though they were often ridiculed or ignored by their contemporaries their paintings are now revered around the world Their dazzling works are familiar to even the most casual art lovers but how well do we know the Impressionists as people The first book to offer an intimate and lively biography of the world's most popular group of artists including Manet Monet Pissarro Cezanne Renoir Degas Sisley Morisot and Cassatt Sue Roe's Private Lives of the Impressionists follows an extraordinary group of artists into their Paris studios down the rural lanes of Montmartre and into the rowdy riverside bars of a city undergoing monumental change Vivid and deeply researched it casts a brilliant light on this unparalleled society of genius colleagues who lived and worked together for twenty years and transformed the art world with their breathtaking depictions of ordinary life

The Impressionists Martha Kapos, 1991 A group of young artists in 1874 in opposition to the established authority of the Salon and the Academy decided to show their work directly to the public in an exhibition which they organized themselves The artists forming the core of this group Pissarro Degas Sisley Cezanne Monet Renoir and Morisot came to be known as the Impressionists Seen to be following the independent spirit of Manet they were immediately identified as the avant garde and their first exhibition became an historic landmark in the development of modern art We now tend to see the landscapes of Impressionist paintings as perfect images of nature It is easy to overlook their startling and fragmented appearance at the time they were painted The documents in this book show how the paintings looked to contemporary eyes to both the critics and the artists Some of the criticism these paintings received is almost as famous as the works themselves and several important documents appear here in English translation for the first time The book tells the story of the personal struggles debates problems and solutions involved in a new way of painting that quickly led in unforeseen directions and took enormous risks with the traditional means of representing the world in art These experiences are revealed in the letters and recorded comments of the artists themselves and in the writings of friends and contemporary critics many of whom such as Baudelaire Zola Valery Mallarme Huysmans Laforgue and Mirbeau were also novelists and poets The continuing interpretation of Impressionism within the changing art and art criticism of the twentieth century is examined through the writings of artists such as Leger Kandinsky Masson Matisse and Hofmann as well as recent critics philosophers and art historians including Meyer Schapiro Gaston Bachelard Clement Greenberg and Lawrence Gowing The text is illustrated with 116 colour plates and 117 black and white reproductions of photographs documents and contemporary cartoons prints and drawings After Harvard Martha Kapos studied painting and the history of art at the Chelsea School of Art where she is now teaching Her art criticism has appeared in various magazines including Artscribe Art Monthly and Screen A collection of poems was published in 1989 by the Many
